NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS) (MONITORED)
AIR GENERAL PERMIT REGISTRATION FORM & Mobile Sources

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775661-001

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)
Asphalt Milling Services, Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)
FPL Cape Canaveral Plant

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)
Street Address: 6000 - US 1
City: Cocoa, FL 32927 - 6002 County: Brevard Zip Code: _____

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)
December 14, 2010

2010 DEC 14 AM 9:30

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

REVENUE

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Precautions Used to Prevent Unconfined Emissions

Check all that apply for the management of roads, parking areas, stock piles and yards:

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:

Feeders

Entrance to "Crusher"

Exit of "Crusher"

Classifier Screens

Conveyor Drop Points

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Spray water throughout the crushing process

Operated Water truck on facility at all times

Maintain minimum stockpile height

Wind breaks are in place

10,000 yards of material prior to recycling will be stored as five (5) separate piles

FLORIDA DEPARTMENT OF REVENUE
2010 DEC 14 AM 9:30

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This site will recycle 10,000 yards of concrete for use on site as base material for current construction project.

Operated water truck and spray bars will continuously flow / operate during all crushing operations.

Dear Ms. Remington,

Your request to withdraw your Nonmetallic Mineral Processing Plant (NMMP) Air General Permit Registration has been received and your Notice of Intent to use the NMMP Air General Permit has been withdrawn from the entitlement process.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Sincerely yours,

Dickson E. Dibble

Mr. Dibble –

We would like to request a withdrawal of the previously submitted registration form for the rental crusher . We have obtained a rental from another organization which had an existing permit and are no longer in need of this one.

Thank you for all your assistance in this matter.

Good morning Catherine!

I hope your New Year is going well.

I have not received a response as of yet to my e-mail below (12/16/10) for additional information which is requested on Page 10 of the submitted Nonmetallic Mineral Processing Plant AGP Registration Form.

Unfortunately we are down to the final day of the review and processing period and if I don't have the information by close of business today I will have to deny Asphalt Milling Services entitlement to operate at the FP&L facility. I really don't want to have to do that, so if you could provide me with the information I have requested by COB today, a denial can be avoided.

Thank you for your attention to this matter.

If you have any questions, comments or concerns please e-mail or call.

Have a great day!

Sincerely yours,

Dickson E. Dibble

Subject: Request for additional information...

Catherine,

Thank you for taking my call.

It was a pleasure to speak with you yesterday afternoon concerning my request for additional information which was not included on Page 10 of the Nonmetallic Mineral Processing Plant Air General Permit Registration form and submitted on behalf of Asphalt Milling Services Inc.

The form asks for:

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Here is the information I need:

3) Crusher

- f) Name of Crusher Manufacturer
- g) Crusher Model #
- h) Crusher Serial #
- i) Maximum Machine Rated Capacity (regardless of the material being crushed)
- j) Power source (if a Reciprocating Internal Combustion Engine (**RICE**) see below)

4) RICE

- f) Name of Engine Manufacturer
- g) Engine Model #
- h) Engine Serial #
- i) Horsepower Hp
- j) Fuel type or energy source

Thank you for your assistance gathering the requested data. If you have any questions, comments or concerns please e-mail or call.

Have a great day!

Sincerely yours,

Dick
