

**CONCRETE BATCHING PLANTS
AIR GENERAL PERMIT EXAMPLE REGISTRATION WORKSHEET**

Facility Identification Number - If known (seven digit number)

775673-00-AG

#7775673

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing permitted facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit). If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. (See "Surrender of Existing Air Operation Permit(s)" below.)
- Operates an existing facility not currently permitted or using an air general permit.

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C.
- Any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only, if Applicable

All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):

NONE

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)
COREYCO-39TH STREET FACILITY; JOHN MUNROE

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a complete registration must be submitted for each.)
COREYCO -39TH STREET FACILITY

Facility Location (Physical location of the facility, not necessarily the mailing address.)

Street Address: 3712 N 39TH STREET

City: TAMPA

County: HILLSBOROUGH

Zip Code: 33610-8010

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility.)

N/A

Facility Contact

<u>Name and Position Title</u> (Plant manager or person to be contacted regarding day-to-day operations at the facility.) Print Name and Title: <u>JOHN MUNROE</u>		
<u>Facility Contact Telephone Numbers</u> Telephone: <u>813-469-1203</u> Fax: <u>NA</u> Cell phone: <u>NA</u> E-mail: <u>COREYCOFL@AOL.COM</u>		
<u>Facility Contact Mailing Address</u> Organization/Firm: <u>COREYCO, LLC/JOHN MUNROE</u> Mailing Address: <u>6253 CANDLEWOOD DRIVE</u> City: <u>WESLEY CHAPEL</u> County: <u>PASCO</u> Zip Code: <u>33544</u>		

Correspondence Contact/Representative (to serve as additional Department contact)

<u>Name and Position Title</u> Print Name and Title: <u>ROBERT D. STEPHENS - CONSULTANT</u>		
<u>Correspondence Contact/Representative Telephone Numbers</u> Telephone: <u>NA</u> Fax: <u>NA</u> Cell phone: <u>813-601-2882</u> E-mail: <u>ROBERT@INSTEP.WS</u>		
<u>Correspondence Contact/Representative Mailing Address</u> Organization/Firm: <u>ATMAB, INC</u> Mailing Address: <u>PO BOX 145</u> City: <u>MANGO</u> County: <u>HILLSBOROUGH</u> Zip Code: <u>33550-0145</u>		

Government Facility Code (check only one)

<input checked="" type="checkbox"/> Facility not owned or operated by a federal, state, or local government.
<input type="checkbox"/> Facility owned or operated by the federal government.
<input type="checkbox"/> Facility owned or operated by the state.
<input type="checkbox"/> Facility owned or operated by the county.
<input type="checkbox"/> Facility owned or operated by the municipality.
<input type="checkbox"/> Facility owned or operated by a water management district.

Type of Facility

Check one:

Stationary Facility Relocatable Facility

Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions

Check all precautions to be used for the management of roads, parking areas, stock piles and yards:

Pave Roads Pave Parking Areas Pave Yards
 Maintain Roads/Parking/Yards Use Water Application Use Dust Suppressant
 Remove Particulate Matter Reduce Stock Pile Height Install Wind Breaks

Check all precautions to be used for the management of drop points to trucks:

Spray Bar Chute Enclosure
 Partial enclosure

Equipment Details Provide information for each silo, weigh hopper (batcher), and other enclosed storage and conveying equipment that are limited to a visible emissions of 5 percent opacity pursuant to Rule 62-296.414(1), F.A.C.

PROCESS EQUIPMENT TYPE (silo, weigh hopper, batcher, etc.)	PROCESS EQUIPMENT IDENTIFICATION*	CONTROL DEVICE (baghouse, vent filter, etc.)	CONTROL DEVICE MANUFACTURER	CONTROL DEVICE MODEL NUMBER
SILO #1	#1	BAGHOUSE #1	Bellegrade	MOBILE (see Silo 2)
SILO #2	#2	BAGHOUSE #1	Bellgrade	MOBILE (see Silo 1)
CONVEYER	#3	CHUTE	Custom Fabrication	None
TRUCK CHARGING	#4	PARTIAL ENCLOSURE/CHUTE	Custom Fabrication	None

* If there are multiple pieces of the same types of process equipment (more than one silo, etc), provide an identifier (location, numeric designation, capacity or product) specific to each piece of equipment.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility’s eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe type of concrete product(s) manufactured, all air pollutant-emitting processes, and identify any air pollution control measures used. Mobile source equipment information is not needed (eg.: trucks, bulldozers, front-end loaders, etc.)

The facility is a mobile concrete batch plant for charging of trucks with aggregate and cement for in truck mixing and delivery of concrete. Damp aggregate, sand and/or gravel, is taken by front end loader and placed in a top loading bottom feed hopper where it is transferred onto a conveyer and conveyed into the truck enclosure for loading into trucks. The truck is loaded via conveyor with sand and gravel, and cement via gravity feed. Water is added to the cement, gravel, and sand within the truck body. The truck body containing the concrete mixture is then driven to the remote job site and emptied. The empty truck returns to the facility to repeat the process.

Tampa, Hillsborough County, Florida

Air General Permit Group:

Please find enclosed the "Completed Work Sheet" for the registration of two additional points of emissions, Both silos are vented via on baghouse so that the emission point has not changed. The other two emission points are associated with one conveyor and registering them was an oversight.

Also enclosed in the \$100.00 registration fee. Please contact me if you have any questions.

Sincerely:

Robert D. Stephens, LEP, REM, CESCO
