Re: Facility No.: 0112504-003

Dear Mr. Alves:

The Department has received the Title V General Permit Notification Form for the dry cleaning facility that you submitted on January 2, 2007.

Please note that in January of each year the Department will be mailing fee notices to those facilities using the Title V general permit. This annual operation fee is \$50 and it is due and payable between January 15 and March 1 of each year the facility is in operation and is subject to the requirements of the Title V general permit.

If you have or expect to have any changes in your mailing address, location address, responsible official, or phone number, please notify the Department at the following address:

Title V General Permits Office
Bureau of Air Monitoring and Mobile Sources MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, FL 32399-2400

If there are any changes in the facility status, including change of operating parameters or equipment, or if you have any additional questions regarding the Title V General Permit Program, please contact the district or local air program compliance inspector in your area.

Sincerely,

Sandra Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

PERCHLOROETHYLENE (Perc) Dry Cleaning Notification to EPA & FLDEP

Each owner or operator of a Perc dry cleaning facility shall submit to the EPA and FLDEP by registered mail on or before July 28, 2008 a notification of compliance status providing the following information and signed by a responsible official who shall certify its accuracy:

FLDEP Facility ID Number: 01538 0112504

The name and address of the owner or operator;

MARILDA ALVES / ROBSON ALVES

Name of the owner or operator of the dry cleaning facility

6534 NW 45 WAY

Mailing address of the owner or operator of the dry cleaning facility

COCONUT CREEK, FL 33073

Mailing address line 2

City

State

Zip Code

The address (that is, physical location) of the dry cleaning facility;

ORAS DRY CLEANER, LLC D/B/A

Name of the dry cleaning facility

KWALITY CLEANERS

Address of the dry cleaning facility (physical location)

2668 E- ATLANTIC BLVD-

Address line 2

PAMPANO BEACH, FL 33062

City

State

Zip Code

Is the Perc dry cleaning machine located in a building with a residence(s), even if the residence is vacant at the time of this notification?

Check one: No Yes

Is the Perc dry cleaning machine located in a building with no other tenants, leased space, or owner occupants?

Check one: No Yes

Is the Perc dry cleaning operation a major or area source?

Major Source: Perc consumption is greater than 2100 gallons/year

Area Source: Perc consumption is 2100 gallons/year or below

The yearly Perc solvent consumption: 75 gallons
(How much Perc did you buy over the last 12 months?)

Is the Perc dry cleaning operation in compliance with each applicable requirement of the Federal Standard of 40 CFR §63.322?

Check one: No Yes

All information contained in this statement is accurate and true.

AIR GENERAL PERMIT NOTIFICATION FORM

RECEIVED
JAN 02 2007
Bureau of Air Monitoring
& Mobile Sources

Part III. Notification of Intent to Use General Permit

Prior to filling out this form, please read the instructions provided at the end of the form. Send completed form to the address listed in the instructions and keep a copy of the form for your files.

Facility Name and Location

1. Facility Owner/Company Name (Name of corporation, agency, or individual owner):	BRAS DRY CLEANER, LLC
2. Site Name (For example, plant name or number):	KWALITY DRY CLEANER, LLC
3. Hazardous Waste Generator Identification Number:	
4. Facility Location: Street Address: City: Pompano Beach County: Broward Zip Code: 33062	2668 E. ATLANTIC BLVD.
5. Facility Identification Number (DEP Use ONLY - do not fill in):	012504-003

Responsible Official

6. Name and Title of Responsible Official: Name: ROBSON ALVES Title: PRESIDENT
7. Responsible Official Mailing Address: Organization/Firm: KWALITY DRY CLEANER Street Address: 2668 E ATLANTIC BLVD. City: POMPAÑO BEACH County: BROWARD Zip Code: 33062
8. Responsible Official Telephone Number: Telephone: (954) 942 9779 Fax: (954) 895-5641

Facility Contact (If different from Responsible Official)

9. Name and Title of Facility Contact (For example, plant manager):	none / SAME
10. Facility Contact Address: Street Address: City: County: Zip Code:	
11. Facility Contact Telephone Number: Telephone: () - Fax: () -	

Facility Information

1.(a) DRY-TO-DRY MACHINES ONLY

How many dry-to-dry machines do you have on-site? [1]

For each dry-to-dry machine on-site, please provide the following information:

Date Initially Purchased From Manufacturer	Status (circle one)	Control Device Required* (circle one)	Date Control Device Installed (if already included at time of purchase, write "SAME")
_____	Existing/New	RC/CA/None required	_____
_____	Existing/New	RC/CA/None required	_____
_____	Existing/New	RC/CA/None required	_____

*CONTROL DEVICE KEY: RC = refrigerated condenser CA = carbon adsorber

1.(b) TRANSFER MACHINES ONLY

How many washers do you have on-site? [2]

How many dryers/reclaimers do you have on-site? [1]

If the transfer machine was purchased from the manufacturer prior to or on December 9, 1991, it is an **EXISTING** unit. If the transfer machine was purchased from the manufacturer between December 9, 1991 and September 22, 1993, it is a **NEW** unit (no units purchased after September 22, 1993 are allowed to operate under this general permit). For each transfer machine on-site, please provide the following information:

Date Initially Purchased From Manufacturer	Status (circle one)	Control Device Required* (circle one)	Date Control Device Installed (if already included at time of purchase, write "SAME")
_____	Existing/New	RC/CA/None required	_____
_____	Existing/New	RC/CA/None required	_____
_____	Existing/New	RC/CA/None required	_____

*CONTROL DEVICE KEY: RC = refrigerated condenser CA = carbon adsorber

2.(a) How much perchloroethylene (perc) have you used within the last 12 months?

[_____] gallons (You must fill this in)

(b) If less than 12 months, how many? [____] months

Check why it is less than 12 months: New owner: [____] Did not keep records: [____]

New store: [____] New machine [____]

Unopened store [____] (date of expected opening _____)

Facility Information

1.(a) DRY-TO-DRY MACHINES ONLY

How many dry-to-dry machines do you have on-site? []

For each dry-to-dry machine on-site, please provide the following information:

Date Initially Purchased From Manufacturer	Status (circle one)	Control Device Required* (circle one)	Date Control Device Installed (if already included at time of purchase, write "SAME")
1996	Existing	RC/CA/None required	SAME
	Existing/New	RC/CA/None required	
	Existing/New	RC/CA/None required	

*CONTROL DEVICE KEY: RC = refrigerated condenser CA = carbon adsorber

1.(b) TRANSFER MACHINES ONLY

How many washers do you have on-site? [0]

How many dryers/reclaimers do you have on-site? []

If the transfer machine was purchased from the manufacturer prior to or on December 9, 1991, it is an **EXISTING** unit. If the transfer machine was purchased from the manufacturer between December 9, 1991 and September 22, 1993, it is a **NEW** unit (no units purchased after September 22, 1993 are allowed to operate under this general permit). For each transfer machine on-site, please provide the following information:

Date Initially Purchased From Manufacturer	Status (circle one)	Control Device Required* (circle one)	Date Control Device Installed (if already included at time of purchase, write "SAME")
	Existing/New	RC/CA/None required	
	Existing/New	RC/CA/None required	
	Existing/New	RC/CA/None required	

*CONTROL DEVICE KEY: RC = refrigerated condenser CA = carbon adsorber

2.(a) How much perchloroethylene (perc) have you used within the last 12 months?

2 [75] gallons (You must fill this in)

(b) If less than 12 months, how many? [] months

Check why it is less than 12 months: New owner: [] Did not keep records: []

New store: [] New machine []

Unopened store [] (date of expected opening _____)

3. What is the facility's source classification based on the definitions found in section (3) of Part II? Indicate with an "X". Select one classification only.)

- Small Area Source
- Dry-to-dry machines only on-site (used less than 140 gallons of perc per year)
 - Transfer only on-site (used less than 200 gallons of perc per year)
 - Both machine types on-site (used less than 140 gallons of perc per year)
- Large Area Source
- Dry-to-dry machines only on-site (used 140 - 2,100 gallons of perc per year)
 - Transfer only on-site (used 200 - 1,800 gallons of perc per year)
 - Both machine types on-site (used 140 - 1,800 gallons of perc per year)

4. What control technology is required on machines pursuant to section (5) of Part II of this notification form? (Indicate with an "X".)

Verify that all steam and hot water generating units on-site meet the following exemption criteria or that no such units exist on-site (see attached memo for the criteria).

All steam and hot water generating units exempt OR
No such units on-site

How many boilers do you have on-site?

For each boiler, indicate its horsepower (HP) rating:

What type of fuel do you use? propane natural gas
 No. 2 fuel oil No. 4 fuel oil
 No. 6 fuel oil Other (please list) _____

6. Equipment Monitoring and Recordkeeping Information

Check all logs which are required to be kept on-site in accordance with the requirements of this general permit:

- (a) Purchase receipts and solvent purchases/solvent addition log
- (b) Leak detection inspection and repair
- (c) Refrigerated condenser temperature monitoring
- (d) Carbon adsorber exhaust perc concentration monitoring
- (e) Startup, shutdown, malfunction plan

7. Surrender of Existing DEP Air Permit(s)

Please indicate with an "X" the appropriate selection:

- I hereby surrender all existing DEP air permits authorizing operation of the facility indicated in this notification form; the permit number(s) are _____
- No DEP air permits currently exist for the operation of the facility indicated in this notification form.

Responsible Official Certification

I, the undersigned, am the responsible official, as defined in Part II of this form, of the facility addressed in this notification. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made in this notification are true, accurate and complete. Further, I agree to operate and maintain the air pollutant emissions units and air pollution control equipment described above so as to comply with all terms and conditions of this general permit as set forth in Part II of this notification form.

I will promptly notify the Department of any changes to the information contained in this notification.

Re: Facility No.: 0112504-003

Dear Mr. Alves:

The Department has received the Title V General Permit Notification Form for the dry cleaning facility that you submitted on January 2, 2007.

Please note that in January of each year the Department will be mailing fee notices to those facilities using the Title V general permit. This annual operation fee is \$50 and it is due and payable between January 15 and March 1 of each year the facility is in operation and is subject to the requirements of the Title V general permit.

If you have or expect to have any changes in your mailing address, location address, responsible official, or phone number, please notify the Department at the following address:

Title V General Permits Office
Bureau of Air Monitoring and Mobile Sources MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, FL 32399-2400

If there are any changes in the facility status, including change of operating parameters or equipment, or if you have any additional questions regarding the Title V General Permit Program, please contact the district or local air program compliance inspector in your area.

Sincerely,

Sandra Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

Instructions for Completing Part III of Notification Form

The Perchloroethylene Dry Cleaning Facility Notification of Intent to Use General Permit, Part III of this form, shall be completed and submitted to the Division of Air Resources Management at least **30 days prior to beginning operations under the general permit**. Please type or print clearly all information. A copy of this notification form shall be kept on-site and made available for review by Department personnel.

The responsible official of the facility, as defined in Part II of this notification form, is responsible for ensuring that the facility complies with all applicable terms and conditions of this general permit, as set forth in Part II of this form.

Mail the signed and completed Part III of this form to:

General Permits Section
Bureau of Air Monitoring and Mobile Sources, MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, FL 32399-2400

Facility Name and Location

1. **Facility Owner/Company Name** - Enter the name of the corporation, agency, or individual that has ownership or control of the dry cleaning facility for which this notification is submitted.
2. **Site Name** - Enter the common name, if any, of the facility site; for example, Plant A, Metropolis plant, etc. If more than one facility is owned, a notification form must be completed for each.
3. **Hazardous Waste Generator Identification Number** - Enter the hazardous waste generator identification number, if known, assigned by the Department to the facility.
4. **Facility Location** - Enter the street address and zip code of the facility and the city and county in which it is located.
5. **Facility Identification Number (DEP Use ONLY)** - Please leave this space blank. DEP will enter the facility identification number assigned to you by ARMS.

Responsible Official

6. **Name and Title of Responsible Official** - Enter the name and title of the designated responsible official for the facility who, by signing this form, is certifying that the facility is eligible for a general permit pursuant to the requirements of Part II of this notification form and Rule 62-213.300, F.A.C.
7. **Responsible Official Mailing Address** - Enter the mailing address for the responsible official if different than the address entered in No. 4 above.
8. **Responsible Official Telephone Number** - Enter the telephone number and facsimile number, if available, at which the responsible official can be contacted.

Facility Contact

9. **Name and Title of Facility Contact** - Enter the name of the facility contact, if other than the responsible official. For example, a plant manager could be designated as the facility contact for Department inspections.

10. **Facility Contact Address** - Enter the mailing address for the facility contact, if different than the address entered in No. 4 above.

11. **Facility Contact Telephone Number** - Enter the telephone number and facsimile number, if available, at which this person can be contacted.

Facility Information

1. For each machine located at the facility, select the appropriate machine type and type of air pollution control device installed on the machine (for example, dry-to-dry unit w/ ref. condenser). If the dry-to-dry machine was purchased from the manufacturer prior to or on December 9, 1991, it is an **EXISTING** unit. If the dry-to-dry machine was purchased from the manufacturer after December 9, 1991, it is a **NEW** unit. Beginning with dry-to-dry machines, enter the date the machine was **initially purchased from the manufacturer** in the dd-mth-yy format. If you do not know the exact date of purchase, but can confirm it was prior to December 9, 1991, enter 08-DEC-91. Indicate the status of the machine as either new or existing. Circle the required control equipment for that machine (if required) and enter the date of its installation (in the dd-mth-yy format). If control equipment is required, but has not yet been installed, indicate this with an "X". If the control device was already included at the time of purchase, enter "SAME". Up to three dry-to-dry machines may be entered across this table. Complete the other table for transfer machines located at the facility, as applicable. Submit additional copies of these tables if more than three machines per type are located at the facility.
2. Enter the total amount, in gallons, of perchloroethylene consumed during the preceding twelve months. If this amount represents a period of less than twelve months, indicate the actual time period used to determine solvent consumption and the reason for this discrepancy (for example, new store). New owners should attempt to obtain solvent purchase records from the previous owner.
3. Using the amount of perc entered in No. 2 above, select the facility's classification. The classification is based on the definitions found in paragraph (3) of Part II.
4. Indicate which control technology is required on machines pursuant to paragraph (5) of Part II, based upon the selection in No. 3 above. Existing small area sources are not required to install any additional control equipment.
5. Indicate with an "X" that all steam and hot water generating units on-site are exempt from permitting pursuant to Rule 62-210.300(3), F.A.C., or that the facility has no such units on-site. Provide information on the quantities of boilers, their horsepower rating(s), and fuel used.

Equipment Monitoring and Recordkeeping Information

6. Indicate all logs which are required to be kept on-site in accordance with the requirements of this notification form with an "X".

Surrender of Existing DEP Air Permit(s)

7. Rule 62-213.300(2)(a)2., F.A.C., makes the surrender of all existing DEP air permits authorizing the operation of a facility a condition precedent for the entitlement to a DEP air general permit. Indicate whether the responsible official surrenders such permit(s) or whether no such permit(s) exist with an "X" and list all existing DEP air permit numbers.

Responsible Official Certification

This statement must be both printed and signed by the person named on page 13, Field 6, of this form.

NEW EPA REGULATIONS FOR PERCHLOROETHYLENE DRY CLEANER FACT SHEET

FLORIDA SMALL BUSINESS ENVIRONMENTAL ASSISTANCE

On July 27, 2006, the Environmental Protection Agency (EPA) strengthened air toxics requirements for all dry cleaners that use the chemical perchloroethylene (PERC).

The rule affects three types of dry cleaners that use PERC: large industrial and commercial dry cleaners; small area source dry cleaners (found in strip malls or stand-alone); and small dry cleaners located in residential buildings. The majority of dry cleaners in Florida are small area source dry cleaners.

SMALL AREA SOURCE DRY CLEANERS

Requirements for existing area source dry cleaners (machines installed prior to December 21, 2005)

- Eliminate all transfer machines by July 27, 2008.
- Begin using a halogen leak detector monthly by July 27, 2008 to detect PERC leaks and maintain records.

Requirements for new area source dry cleaners (machines installed after December 21, 2005)

- Eliminate all transfer machines by July 27, 2006.
- Add carbon adsorbers to the closed-loop machines with refrigerated condensers that are required under the 1993 rule.
- Use a halogen leak detector monthly to detect PERC leaks and maintain records.

(Note: Both new and existing dry cleaners must still perform weekly or bi-weekly leak checks on each machine. All leak detection checks and findings should be recorded on your dry cleaning compliance calendar)

SMALL CO-RESIDENTIAL DRY CLEANERS

The final rule eliminates PERC emission risks for small dry cleaners co-located in residential buildings:

Requirements for existing co-residential dry cleaners

- Eliminate all transfer machines by July 27, 2008.
- Begin using a halogen leak detector monthly by July 27, 2008, to detect PERC leaks, and maintain records.
- Phase-out PERC machines as the units wear out. All existing PERC machines must be removed from residential buildings by December 21, 2020. These dry cleaners may replace worn-out PERC machines with newer available non-PERC technology.

Requirements for new co-residential dry cleaning machines

- PERC use will not be allowed.
- Any new PERC dry cleaning machine in a residential building that began operations between December 21, 2005 and July 27, 2006 must eliminate PERC use by July 27, 2009. *(During the three (3) year interim PERC elimination period (July 27, 2006 to July 27, 2009), new PERC co-residential sources will be required to use refrigerated condensers, and secondary carbon adsorbers, with equipment housed inside a vapor barrier enclosure¹ with general ventilation² to the outside air.)*
- Must conduct weekly leak inspections using a leak detection device such as a halogenated hydrocarbon detector³ or PERC gas analyzer⁴

Re: Facility No.: 0112504-003

Dear Mr. Alves:

The Bureau of Air Monitoring and Mobile Sources recently received your check (#1222) in the amount of \$50 in payment of your Title V General Permit fee.

We appreciate your submittal. However, your check is being returned to you since it is not due at this time. Fees are due and payable between January 15 and March 1 in the year following each year for which the facility is in operation and subject to the requirements of the general permit. The Department will send you an invoice in time for the next payment cycle.

If you have any questions, please call me at 850/921-9583.

Sincerely,

Dick Dibble

Subject: Perchloroethylene Dry Cleaner Air General Permit Notification Form for change of ownership

Dear Mr. Robison Alves, -

As we have discussed, an Air General permit is not transferable upon a change of ownership. It is customary that the previous owner notify us when a change of ownership is imminent. At the same time it is his/her responsibility to inform the new owner of his/her responsibility to submit a new registration form at least thirty (30) days prior to the sale.

Below you will find the link to the subject item registration form. You may download and print the form from there. If you are the Responsible Official, please complete the form, print your name, sign your name and date the last page of the form. The form itself begins on page 14 and ends on page 17. Pages 1-13 provide an overview of the rule, and pages 18 thru 19 provide directions for completing the form.

[http://www.floridadep.org/Air/forms/titlevgp/dep62_213_900\(2\).pdf](http://www.floridadep.org/Air/forms/titlevgp/dep62_213_900(2).pdf)

Please submit the original form to our office at the address below as soon as possible. Please keep a copy of the form for your records in the event your facility is visited by an inspector. From the date your form is received, your application will proceed thru a 30 day review period. Please filled out the form completely and according to the characteristics of your facility. Please don't forget to sign and date the form. **DO NOT SEND MONEY!** We have already received your annual fee for the Year 2006, and it has been credited to your account.

Thank you for your prompt attention in this matter.

Sincerely,

Dickson E. Dibble

YOUR RESPONSE IS REQUIRED

Subject: New EPA Regulations for Perchloroethylene Dry Cleaners

Dear Dry Cleaning Facility Owner/Operator:

Your facility currently operates under the terms and conditions of a State of Florida Perchloroethylene Dry Cleaner Air General Permit Notification Form. This is a reminder that the U.S. Environmental Protection Agency (EPA) passed a final rule on July 27, 2006, that requires the implementation of an enhanced Leak Detection and Repair (LDAR) program at dry cleaning facilities. **Effective July 27, 2008, the perchloroethylene dry cleaning facility owner or operator is required to use a halogen leak detector to detect PERC leaks on a monthly basis, and maintain appropriate records** even though these new requirements were not included in the Perchloroethylene Dry Cleaner Air General Notification Form that you submitted. The attached fact sheet describes these new requirements.

What do you have to do in order to comply with these requirements?

The owner or operator of a dry cleaning facility was required to submit to Broward County on or before July 28, 2008, a notification of its compliance status. Broward County recognizes that the federal due date for the compliance notification has passed. Therefore, **Broward County requests that you complete and submit the enclosed Perchloroethylene (Perc) Dry Cleaning Compliance Notification form to the following address by registered mail on or before September 30, 2008:**

Mr. Paul Shelton
Broward County Pollution Prevention, Remediation & Air Quality Division
115 S. Andrews Avenue, Room A-240
Ft. Lauderdale, FL 33301

Failure to comply with the above-mentioned requirement may result in enforcement action. If you have any questions regarding this letter, please call me at 954-519-1208 or Paul Shelton at 954-519-1444.

Sincerely,

Clifton R. Bittle
Environmental Licensing Manager
Pollution Prevention, Remediation and Air Quality Division

Shipping Label: Your shipment is complete

1. Use the 'Print' feature from your browser to send this page to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
