Dear Mr. Gibson,

Attached you will find an electronic copy of your recent Animal Crematory Air General Permit Registration form signature dated 8/14/07 and received in our office on 08/22/07.

As we discussed during our telephone conversation this afternoon, while reviewing the form, I noticed that on page nine (9) you did not include information in the **Description of Facility** box. It is important that you provide us with the current facility information, as requested, regardless of the fact that nothing may have changed since your last registration filing. The information you provide will verify eligibility and compliance in the event an inspector should visit your facility, and simply serves as a protection for you.

Please complete page nine (9) and return to me via fax or USPS so that I may append to your original registration form.

Thank you, and have a great day!

Sincerely,

Dickson E. Dibble
