RE: Florida Rock Industries, Inc. Havana Ready Mix Plant
Gadsden County
Permit No. 0390026-007

Dear Mr. Armstrong:

Please be advised that we do not plan to renew the above generic permit for the above-referenced plant due to the fact that the plant has been closed for approximately one year, and we have now made the decision to permanently close this facility.

At some point in time, we will be dismantling the equipment on the site and removing it from the site.

Please consider this letter our official request to terminate the current permit referenced above since the permit is no longer needed for this facility.

Please let me know if you have any questions or require additional information on the above plant.

Sincerely,

Katherine R. Chumley
Environmental Specialist
