## CONCRETE BATCHING PLANT AIR GENERAL PERMIT REGISTRATION FORM

## Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050(4)(0), F.A.C. (\$100 as of the effective date of this form)

Registration Type	0310000			
Check one:				
INITIAL REGISTRATION - Notification of intent to:  Construct and operate a proposed new facility.  Operate an existing facility not currently using an air ger	neral permit (e.g., a facility proposing to go from an			
air operation permit to an air general permit).				
RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:  ☐ Continue operating the facility after expiration of the current term of air general permit use.  ☐ Continue operating the facility after a change of ownership.  ☐ Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.				
Surrender of Existing Air Operation Permit(s) - For Initial	Registrations Only			
If the facility currently holds one or more air operation permits or operator upon the effective date of this air general permit. It operation permits being surrendered. If no air operation permit	n such case, check the first box, and indicate the			
All existing air operation permits for this facility are here general permit; specifically permit number(s): 0570032-005-AG	eby surrendered upon the effective date of this air			
No air operation permits currently exist for this facility.

DEP Form No. 62-210.920(2)(b) Effective: January 10, 2007

## **Description of Facility**

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This facility consists of a ready mix concrete plant. This plant uses cement, flyash and aggregate materials to produce ready mix concrete. Dust emissions are controlled by the following methods.

Emissions generated during the pneumatic filling of the silos are controlled by individual C&W Model CP-305 baghouses.

Emissions generated from the weigh scale are controlled by a C&W Model CP-100 baghouse.

Emissions generated during the loading of mixer trucks are comtroled by a C&W Model CWRA-140 dust collector

Re: Cemex Construction Materials Florida, LLC Equipment Addition 34<sup>th</sup> Street RM Facility 0570032-005-AG

Dear Sir/Madam,

Enclosed, please find the Air General Permit Registration Form along with the appropriate processing fee for the renewal of the above mentioned permit. This new registration is being submitted due to the pending addition of a C&W Model CP-100 baghouse to increase our emissions controls at the weigh scale.

If you have any questions please do not hesitate to contact me.

Sincerety,

Jason Jones
