Re: Facility No.: 0571313-004

Dear Mr. Meadowcroft:

The Department has received the Title V General Permit Notification Form for the dry cleaning facility that you submitted on May 2, 2008.

Pursuant to Florida Statutes section 403.814, the authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have or expect to have any changes in your mailing address, location address, responsible official, or phone number, please notify the Department at the following address:

Title V General Permits Office Bureau of Air Monitoring and Mobile Sources MS 5510 Department of Environmental Protection 2600 Blair Stone Road Tallahassee, FL 32399-2400

If there are any changes in the facility status, including change of operating parameters or equipment, or if you have any additional questions regarding the Title V General Permit Program, please contact the district or local air program compliance inspector in your area.

Sincerely

Sandra F. Veazey, Chief Bureau of Air Monitoring

Subject: New Dry Cleaner Application

Mr.. Dickson,

Just to be clear, I am providing information for my GENERAL PERMIT NOTIFICATION FORM for a new business. I answered the question, or thought I had, with respect to how many gallons I had used in the past 12 months. There is an option to indicate that the store is under new ownership- that applies to my case here.

However, I do have access to the purchases for the previous owner and will include them here. Obviously, I'd like for these numbers not to reflect on my usage since I had no interaction whatsoever regarding these gallons.
