Re: Schwab Ready Mix, Inc General Air Permit for Pondella Plant Permit Number 0710025

Good Morning Mr. Dibble,

I spoke with you yesterday on the phone regarding our Lynwood Road, Placida Plant. I sent the application and check in the amount of \$100.00 for the reissuance of the air permit at that location to the address you gave me yesterday.

We also spoke about our Pondella Plant that is coming up for renewal on May 3, 2009, Permit number 0710025. That plant is no longer in use, nor will it ever be used again. We have a new plant at that location as well as two portables (all air permits for those are current). We have not torn the plant down yet, or decided if that one will be replaced (it no longer works). So my question to you is, is there any need to permit it? Please let me know. You can call me at 239-561-0536 extension 229, or write me back at 6700 Daniels Parkway, Suite 4, Fort Myers, Florida 33912.

Thank you for your help yesterday, and again today.

Sincerely,

Kelli J. Webb – Assistant to David A. Schwab, President of Schwab Ready Mix, Inc.

SCHWAB READY MIX, INC.
