DIVISION OF AIR
RESOURCE MANAGEMENT

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing permitted facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit). If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. (See "Surrender of Existing Air Operation Permit(s)" below.)
- Operates an existing facility not currently permitted or using an air general permit.

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C.
- Any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only, if Applicable

All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Preferred Materials, Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a complete registration must be submitted for each.)

Pondella Road Ready Mix Plant

Facility Location (Physical location of the facility, not necessarily the mailing address.)

Street Address: 2110 Pondella Road

City: Cape Coral

County: Lee

Zip Code: 33909 - 5134

Facility Start-Up Date (Estimated start-up date of proposed new facility.) (N/A for existing facility.)

Type of Facility

Check one:

Stationary Facility Relocatable Facility

Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions

Check all precautions to be used for the management of roads, parking areas, stock piles and yards:

Pave Roads Pave Parking Areas Pave Yards
 Maintain Roads/Parking/Yards Use Water Application Use Dust Suppressant
 Remove Particulate Matter Reduce Stock Pile Height Install Wind Breaks

Check all precautions to be used for the management of drop points to trucks:

Spray Bar Chute Enclosure
 Partial enclosure

Equipment Details Provide information for each silo, weigh hopper (batcher), and other enclosed storage and conveying equipment that are limited to a visible emissions of 5 percent opacity pursuant to Rule 62-296.414(1), F.A.C.

| PROCESS EQUIPMENT TYPE (silo, weigh hopper, batcher, etc.) | PROCESS EQUIPMENT IDENTIFICATION* | CONTROL DEVICE (baghouse, vent filter, etc.) | CONTROL DEVICE MANUFACTURER | CONTROL DEVICE MODEL NUMBER |
|--|-----------------------------------|--|-----------------------------|-----------------------------|
| Split Cement Silo | Compartment #1 (60% Split) | Baghouse | Coneco | PJ 1400 |
| Split Cement Silo | Compartment #2 (40% Split) | Baghouse | Coneco | PJ 1400 |
| Flyash Silo | | Baghouse | Coneco | PJ 1400 |
| Weigh Hopper | | Baghouse | Coneco | 1423 |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

* If there are multiple pieces of the same types of process equipment (more than one silo, etc), provide an identifier (location, numeric designation, capacity or product) specific to each piece of equipment.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe type of concrete product(s) manufactured, all air pollutant-emitting processes, and identify any air pollution control measures used. Mobile source equipment information is not needed (eg.: trucks, bulldozers, front-end loaders, etc.)

The facility consists of an office, aggregate storage areas, batch plant, storage silos, aggregate material conveying equipment and concrete mixing trucks.

Emissions from the new split cement silo, flyash silo and truck load out are controlled by the central dust collector. The central dust collector is a Coneco PJ 1400.

Weigh hopper emissions are controlled by a Coneco Model 1423 cement batcher vent

Owner/Authorized Representative Statement

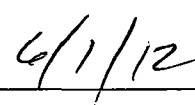

This statement must be signed and dated by the person named above as owner or authorized representative.

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revision thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.
