Dear Mr. Krejnicky:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on July 22, 2008. We have assigned ARMS No. 0710269-001 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Sandra F. Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____

No air operation permits currently exist for this facility.

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Throughput Rate

If this is an **initial registration** for bulk gasoline plant operations, provide an estimate of the facility's expected gasoline throughput rate (amounts received and distributed) over a 12-month period. Note: the general permit limits the throughput rate to 6.0 million gallons of gasoline in any consecutive 12 months.

If this is a **re-registration** for gasoline bulk plant operations, provide the highest 12-month gasoline throughput rate for the facility for the previous five years. Indicate the 12-month period over which this usage occurred.

1,507,418 July 2007 to June 2008

Rule 62-296.418 Applicability

Check one:

- The facility is subject to subsection 62-296.418(1), F.A.C., because it is located in Miami-Dade, Broward, Palm Beach, Orange, Duval, Hillsborough or Pinellas counties; has an annual average daily throughput of more than 2,000 gallons; and began (or will begin) operation prior to August 1, 2007.
- The facility began (or will begin) operation prior to August 1, 2007, but is not subject to subsection 62-296.418(1) because it is not located in one of the seven listed counties, or it does not have an annual average daily throughput of more than 2,000 gallons.
- The facility is subject to subsection 62-296.418(2), F.A.C., because it is located anywhere in the state, has any throughput rate, and began (or will begin) operation on or after August 1, 2007.

Description of Facility

Below, or as an attachment to this form, provide a description of the bulk gasoline plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used. Include the capacity of all gasoline storage tanks at the facility and note whether each such tank is equipped for submerged filling. Also, note whether the loading racks are equipped with a vapor collection and control system, and provide a description of any such system.

Tanks :

Subject: RE: Air Permit for bulk plant at 2650 Hanson Street

Mr. Dibble,

Quick Fuel Fleet Services LLC purchased assets only (trucks and customer lists) from Dockside and West Coast. The actual facility was purchased from Automated Fuel Technologies, LLC. The facility should have been permitted under the facility owner Automated Fuel Technologies, LLC.

Hope this helps.

Thanks
 Ken

Subject RE: Air Permit for bulk plant at 2650 Hanson Street

Mr. Kuehn,

Thank you for your response and it seems that you are correct. I have been unable to locate any permittee by the name of Automated Fuel Technologies LLC d.b.a. Fuelman and therefore most likely not previously entitled

The young lady that I talked with this morning at the Hanson Street Facility indicated that there were two purchases made by Quick Fuel Fleet Services LLC, but couldn't provide a lot of detail.

She indicated that the two facilities were at neighboring locations and that now everything was centralized at 2650 Hanson Street in Ft Myers. She provided the following named businesses as follows, but could not provide a lot of details:

- 1) **Dockside** located at **3450 Canal Street**, Ft Myers; and
- 2) **West Coast** located on **Piccadilly** – she apparently verified this from a former West Coast driver currently employed w/ Quick Fuel Fleet Services.

Would you be so kind as to verify or discount any of the above information for me. I want to be certain that when I create this new facility I am not duplicating one that may already exist.

Your assistance is greatly appreciated.

Subject: Air Permit for bulk plant at 2650 Hanson Street

Mr. Dibble,

Quick Fuel Fleet Services, LLC purchased the property located at 2650 Hanson Street, Ft. Myers, FL 33916 from Automated Fuel Technologies, LLC who ran the site as Fuelman. I could not find any records in our files indicating Automated Fuel Technologies acquired a Bulk Gasoline Plant Air General Permit for this site.

Please contact me if you need any additional information.

Thank you
