SURFACE COATING OPERATIONS
AIR GENERAL PERMIT EXAMPLE REGISTRATION WORKSHEET

RECEIVED

MAR 15 2012

DIVISION OF
RESOURCE MANAGEMENT

Facility Identification Number (If known)

0830049

0830049-002

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing permitted facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit). If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. (See "Surrender of Existing Air Operation Permit(s)" below.)
- Operates an existing facility not currently permitted or using an air general permit.

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only, if Applicable

All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):

N/A

Re: Nobility Homes, Inc.
Ocala Facility (Facility ID 0830049)
Ocala, Marion County, Florida
Request to Renew Air General Permit No. 0830049-001-AG

Dear Mr. Dibble:

Please find enclosed an Air General Permit Worksheet for the above referenced facility. In accordance with Rule 62-4.050, FAC, a **\$100** processing fee is enclosed. The worksheet requests for the renewal of the subject permit.

Please provide written confirmation of the coverage under the Air General Permit to Koogler and Associates, Inc.

Thank you for your assistance. If you require additional information or have any questions regarding this permit registration, please contact me at 352.377.5822 or vsgr@kooglerassociates.com.

Best Regards,

Veronica N. Sgro, P.E.
KOOGLER AND ASSOCIATES, INC.

Subject: ARMS ID# 0830049, Nobility Homes Inc., Ocala Facility, 3741 SW 7th St, Ocala, FL 34474 - Surface Coating Operations Air General Permit Registration

Good morning Veronica!

Page 4 of the subject-item air general permit registration renewal was not included in your submission on behalf of Nobility Homes Inc. Without it, I will be unable to complete the review and processing of this renewal.

We are getting close to the end of the thirty (30) day mandatory review and processing period, so in order to complete the review and successful re-entitlement of this facility, I will need Page 4, complete, no later than COB on Wednesday, April 11, 2012.

You may send the completed Page 4 via e-mail and I will simply attach it as an addendum to what has currently been submitted.

Please help me bring this renewal to a successful conclusion by giving this your immediate attention.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Regards,

Dick

**SURFACE COATING OPERATIONS
AIR GENERAL PERMIT EXAMPLE REGISTRATION WORKSHEET**

Facility Identification Number (If known)

0830049

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing permitted facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit). If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. (See "Surrender of Existing Air Operation Permit(s)" below.)
- Operates an existing facility not currently permitted or using an air general permit.

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only, if Applicable

All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):

N/A

General Facility Information

Material Usage Rates

If this is an **initial registration** for a surface coating operation, provide an estimate of the average quantity of volatile organic compounds in all coatings (solvents and thinners) expected to be used on a daily basis.

N/A

If this is a **re-registration** for an existing surface coating operation, provide the highest monthly average of the daily quantity of volatile organic compounds in all coatings (solvents and thinners) used in the last five years. Indicate the month and year during which this usage occurred.

Highest Monthly Average: 14.04 lb/day (April 2011)

Description of Facility

Below, or as an attachment to this form, provide a description of the surface coating operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Nobility Homes produces manufactured homes at their existing facility located in Ocala, Florida. Several different types of glues and adhesives are used in the production process. Solvents and thinners are also used in the process for cleanup. A small amount of aerosol paint is used to paint small wall anchors in the homes.

Total potential emissions for the facility are less than 10 tons per year (TPY) of any hazardous air pollutant (HAP), 25 TPY of total HAPs, and 100 TPY of any regulated pollutant.

All emission units at the facility would be covered by this Air General Permit, except for the two small fuel storage tanks, which are exempt from permitting under Rule 62-210.300(3)(a)19, F.A.C.

The materials (adhesives, glues, aerosol paints) applied at the Ocala facility are classified under the definition for coatings under Rule 62-210.200, F.A.C.: "The application of a protective, decorative, or functional film to a surface."

Helpful Definitions

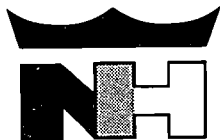

"Coating" - The application of a protective, decorative, or functional film to a surface.

"Department" or **"DEP"** - The State of Florida Department of Environmental Protection.

"Emissions Unit" - Any part or activity of a facility that emits or has the potential to emit any air pollutant.

"Facility" - All of the emissions units which are located on one or more contiguous or adjacent properties, and which are under the control of the same person (or persons under common control).

"Owner" or "Operator" - Any person or entity who or which owns, leases, operates, controls or supervises an emissions unit or facility.
