Mr. Prakash Joshi  
Polo Cleaners  
7512-30 Dr. Phillips Blvd.

**RE: Orange County - Facility #0951205  
Violation of Title V General Permit**

Dear Mr. Joshi:

The Orange County Environmental Protection Division (EPD) has the power and duty to control and prohibit air pollution in the county in accordance with the law, rules and regulations promulgated by the Florida Department of Environmental Protection (FDEP).

The purpose of this letter is to advise you of possible violations of the law for which you may be responsible and to seek your cooperation in resolving the matter. EPD records indicate that FDEP air permit 0951205-001-AG for the above-referenced facility expired on February 3, 2004. An EPD field inspection conducted on March 11, 2004, indicates that violations of Florida Statutes and Rules may exist. The following were observed:

- The facility is currently in operation, and thus, is operating without a valid FDEP air permit.
- The perchloroethylene receipts were unavailable.
- The perchloroethylene running totals were unavailable.
- The condenser temperature log was unavailable.
- The leak detection log was unavailable.

**Section 403.161 (1) (b), Florida Statutes**, provides that it shall be a violation of this chapter, and it shall be prohibited for any person to fail to obtain any permit required by this chapter or by rule or regulation, or to violate or fail to comply with any rule, regulation, order, permit, or certification adopted or issued by the FDEP pursuant to its lawful authority.

**Section 403.087 (1), Florida Statutes**, provides that no stationary installation that is reasonably expected to be a source of air or water pollution shall be operated, maintained, constructed, expanded, or modified without an appropriate and currently valid permit issued by the FDEP, unless exempted by FDEP rules.
