Alan,

I am currently reviewing the emission unit (EU) detail for the above subject item facility

If you would be so kind, I am in need of a hardcopy copy of the latest registration form (Project #004) as submitted on 09/19/2006 for the above subject item facility, including EU detail, facility description and any other attachments submitted and appended to the registration form.

A simple scan of the documents in pdf format and attached to a return e-mail to me will suffice.

Thank you for your assistance,

*Dick*
