CONCRETE BATCHING PLANTS AIR GENERAL PERMIT EXAMPLE REGISTRATION WORKSHEET

Facility Identification Number - If known (seven digit number)
1010077
Registration Type
Check one: INITIAL REGISTRATION - Notification of intent to: Construct and operate a proposed new facility. Operate an existing permitted facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit). If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. (See "Surrender of Existing Air Operation Permit(s)" below.) Operates an existing facility not currently permitted or using an air general permit.
RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to: Continue operating the facility after expiration of the current term of air general permit use. Continue operating the facility after a change of ownership. Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C. Any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.
Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only, if Applicable
All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
General Facility Information
Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.) Preferred Materials, Inc.
Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a complete registration must be submitted for each.) Odessa Ready Mix Plant
Facility Location (Physical location of the facility, not necessarily the mailing address.) Street Address: 11913 State Road 54
Street Address: 11913 State Road 54 City: Odessa County: Pasco Zip Code: 33556
Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility.)

Facility Contact	
Name and Position Title (Plant manager or person to be Print Name and Title: Darryl Fales, President (Authorized R	contacted regarding day-to-day operations at the facility.) tepresentative)
Facility Contact Telephone Numbers	
Telephone: 239-992-1400	Fax: 239-229-6750

Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions							
Check all precautions to be used for the Pave Roads	management of roads, parking areas Pave Parking Areas	s, stock piles and yards: Pave Vards					
■ Maintain Roads/Parking/Yards ■ Remove Particulate Matter	■ Use Water Application ■ Reduce Stock Pile Height	Use Dust Suppressant Install Wind Breaks					
Check all precautions to be used for the management of drop points to trucks:							
☐ Spray Bar	Chute	☐ Enclosure					
Partial enclosure							

Equipment Details Provide information for each silo, weigh hopper (batcher), and other enclosed storage and conveying equipment that are limited to a visible emissions of 5 percent opacity pursuant to Rule 62-296.414(1), F.A.C.

PROCESS	PROCESS	CONTROL DEVICE	CONTROL DEVICE	CONTROL DEVICE
EQUIPMENT TYPE (silo, weigh hopper, batcher, etc.)	EQUIPMENT IDENTIFICATION*	(baghouse, vent filter, etc.)	MANUFACTURER	MODEL NUMBER
North Silo	Compartment No. 1 - Flyash	Baghouse	C&W	CP-230-639
North Silo	Compartment No. 2 - Slag	Baghouse	C&W	CP-230-639
South Silo - Cement		Baghouse	C&W	CP-230-639
Weigh Hopper	Cement	Baghouse	C&W	CP-35-219
Weigh Hopper	Flyash	Baghouse	C&W	CP-35-219

^{*} If there are multiple pieces of the same types of process equipment (more than one silo, etc), provide an identifier (location, numeric designation, capacity or product) specific to each piece of equipment.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe type of concrete product(s) manufactured, all air pollutant-emitting processes, and identify any air pollution control measures used. Mobile source equipment information is not needed (eg.: trucks, bulldozers, front-end loaders, etc.)

The facility consists of an office, shop, aggregate storage areas, batch plant, storage silos, aggregate material conveying equipment and concrete mixing trucks.

Each silo and silo compartment is equipped with a C&W Dust Systems Model CP-306-639 cartridge dust collector.

Emissions from each weigh hopper is controlled by a C&W Dust Systems Model CP-35-219 cartridger patcher vent.

Emissions from the truck load out are controlled by a C&W Dust Systems model CP-910-1278 central cartridge dust collector.

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative.

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I herby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revision thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Date

Darryl Fales, President
