Mr. Terry Flack
Vice President Operations
Fall Aeropower Corporation
10540 Ridge Road
New Port Richey, Florida 34654

Dear Mr. Flack:

The Department has received the Title V General Permit Notification Form for the halogenated solvent degreasers facility that you submitted on September 12, 1996.

Please note that in November of each year the Department will be mailing fee notices to those facilities using the Title V general permit. This annual operation fee is \$50 and it is due and payable between January 15 and March 1 of each year the facility is in operation and is subject to the requirements of the Title V general permit.

If you have or expect to have any changes in your mailing address, location address, responsible official, or phone number, please notify the Department at the following address:

Title V General Permits Office
Bureau of Air Monitoring and Mobile Sources MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, Fl 32399-2400

If there are any changes in the facility status, including change of operating parameters or equipment, or if you have any additional questions regarding the Title V General Permit Program, please contact the District or local air program compliance inspector in your area.

Sincerely,

Dotty Diltz, Chief
Bureau of Air Monitoring
and Mobile Sources

Facility Information

1. Provide the information below for each machine at the facility. Indicate the type of machine, the date of its purchase, and the date the control device was installed, if applicable.

Equipment Type	ID#	Date Initially Purchased	Date Cntrl Device Installed	ID#	Date Initially Purchased	Date Cntrl Device Installed
Batch Vapor						
x < 1.21 m ²						
x > 1.21 m ²	VD/S72X	4-26-85	4-26-85			
Batch Cold						
In-line						
New						
Existing						

2. (a) What was the total amount of halogenated solvents purchased in the latest 12 months?

gallons

(b) If less than 12 months, how many? months

Check why it is less than 12 months: New owner: New store: Did not keep records:

3. (a) Please indicate which of the following halogenated solvents are used at your facility.

perchloroethylene

methylene chloride

trichloroethylene

1,1,1-trichloroethane

carbon tetrachloride

chloroform

(b) The total volume of halogenated solvent emissions shall not exceed 10 tons per year. I choose to meet this requirement by:

complying with an alternative solvent emission limit

implementing a control device combination/work practice standards

meeting an idling emission limit/work practice standards

meeting the requirements for batch cold cleaning machines

4. Based upon your response to 3(b), please select the appropriate control equipment combination from the list provided below. (Indicate with an "X" all options that apply to your facility.)

- 1.0 freeboard ratio
- super-heated vapor
- freeboard refrigeration device
- carbon adsorber
- dwell time
- working mode cover
- reduced room draft

Equipment Monitoring and Recordkeeping Information

Check all logs which are required to be kept on-site in accordance with the requirements of this general permit:

- (a) Purchase receipts for halogenated solvent purchases
- (b) Inspection records
- (c) Temperature monitoring
- (d) Idling emission concentration monitoring
- (e) Instrument calibration
- (f) Dwell time records
- (g) Solvent content records
- (h) Remedial action log
- (i) Control device monitoring
- (j) Log of solvent additions and removals
- (k) Monthly emissions calculations
- (l) Rolling 3-month average emissions calculations
- (m) Cleaning capacity calculations

Surrender of Existing Air Permit(s)

Please indicate with an "X" the appropriate selection:

- I hereby surrender all existing air permits authorizing operation of the facility indicated in this notification form; specifically, permit number(s) _____
- No air permits currently exist for the operation of the facility indicated in this notification form.

Responsible Official Certification

I, the undersigned, am the responsible official, as defined in Part II of this form, of the facility addressed in this notification. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made in this notification are true, accurate and complete. Further, I agree to operate and maintain the air pollutant emissions units and air pollution control equipment described above so as to comply with all terms and conditions of this general permit as set forth in Part II of this notification form.

I will promptly notify the Department of any changes to the information contained in this notification.

NOTICE OF PERMIT AMENDMENT

CERTIFIED MAIL

Mr. Aamer Soofi,
Chemical & Env. Manager
Pall Aeropower Corporation
10540 Ridge Road
New Port Richey, FL 34654

Dear Mr. Soofi:

Re: Permit Amendments for Relocation of Pall Aeropower Corporation
from Pinellas Park to New Port Richey.
Permit Nos.: AO52-170107 - Misc. Volatile Organic Solvent Usage
AO52-202806 - Paint Spray Booth
DEP Reference No.: 1010335-002-AO

On July 9, 1997, the Department received notification from you regarding the pending relocation of Pall Aeropower Corporation from 6301 49th Street, Pinellas Park, Pinellas County to 10540 Ridge Road, New Port Richey, Pasco County. The Pinellas park facility operates the referenced emissions units and a previously unpermitted chromic acid anodizing operation. The New Port Richey facility currently operates a degreasing operation under General Permit No. 1010335-001-AG. The General Permit will no longer be valid upon the relocation of the Pinellas Park emissions units. Please provide a letter to the Department rescinding the General Permit. To allow operation of the Pinellas Park emissions units and the degreasing operation at the New Port Richey facility, the Department is amending the Pinellas Park permits to change the facility location and adding conditions to allow operation of the degreasing and chromic acid anodizing operations until a Title V permit is issued. The Department hereby amends the above referenced permit as follows:

CHANGE OPERATION LOCATION FROM: 6301 49th Street, Pinellas Park, Pinellas County

CHANGE OPERATION LOCATION TO: 10540 Ridge Road, New Port Richey, Pasco County

ADD CONDITIONS:

- A. The facility must comply with 40 CFR 63 Subpart T, National Emission Standards for Halogenated Solvent Cleaning, where applicable.
- B. The facility must comply with 40 CFR 63 Subpart N, National Emission Standards for Chromium Emissions From Hard and Decorative Chromium Electroplating and Chromium Anodizing tanks, where applicable.

Procedures for administrative hearing and variance/waiver are described below.

Administrative Hearing

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this permit. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing.

The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 of the Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number, and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by the petitioner, if any;
- (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action;

- (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the permit.

Because the administrative action or proposed action addressed in this hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Variance/Waiver

In addition to the above, a person subject to regulation has a right to apply for a variance from or waiver of the requirements of particular rules, on certain conditions, under section 120.542 of the Florida Statutes. The relief provided by this state statute applies only to state rules, not statutes, and not to any federal regulatory requirements. Applying for a variance or waiver does not substitute or extend the time for filing a petition for an administrative hearing or exercising any other right that a person may have in relation to this permit.

The application for a variance or waiver is made by filing a petition with the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. The petition must specify the following information:

- (a) The name, address, and telephone number of the petitioner;
- (b) The name, address, and telephone number of the attorney or qualified representative of the petitioner, if any;
- (c) Each rule or portion of a rule from which a variance or waiver is requested;
- (d) The citation to the statute underlying (implemented by) the rule identified in (c) above;
- (e) The type of action requested;
- (f) The specific facts that would justify a variance or waiver for the petitioner;
- (g) The reason why the variance or waiver would serve the purposes of the underlying statute (implemented by the rule); and
- (h) A statement whether the variance or waiver is permanent or temporary and, if temporary, a statement of the dates showing the duration of the variance or waiver requested.

The Department will grant a variance or waiver when the petition demonstrates both that the application of the rule would create a substantial hardship or violate principles of fairness, as each of those terms is defined in section 120.542(2) of the Florida Statutes, and that the purpose of the underlying statute will be or has been achieved by other means by the petitioner.

Persons subject to regulation pursuant to any federally delegated or approved air program should be aware that Florida is specifically not authorized to issue variances or waivers from any requirements of any such federally delegated or approved program. The requirements of the program remain fully enforceable by the Administrator of EPA and by the person under the Clean Air Act unless and until Administrator separately approves any variance or waiver in accordance with the procedures of the federal program.

* * * * *

This permit amendment is final and effective on the date filed with the Clerk of the Department unless a timely petition for an administrative hearing is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition and conforms to Rule 62-103.070, F.A.C. Upon timely filing of a petition or a request for an extension of time to file the petition, this permit will not be effective until further Order of the Department.

When the Order (Permit) is final, any party to the Order has the right to seek judicial review of the Order pursuant to Section 120.68, Florida Statutes, by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate procedure, with the Clerk of the Department in the Office of General Counsel, Douglas Building, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date the Final Order is filed with the Clerk of the Department.

Executed in Tampa, Florida.

Dear Ms. Bowman:

Enclosed please find, per our telephone conversation this afternoon, a copy of my letter to Mr. Eric Peterson of FDEP Tampa, requesting to rescind our General Permit No. 1010335-001-AG.

We are no longer eligible for general permit because additional emission units were transferred into our New Port Richey facility from our Pinellas Park facility. Presently we are in process of obtaining a Title V permit for our New Port Richey facility.

If there are any questions, please feel free to contact us.

Sincerely,

Aamer Soofi

Reference: Letter from W. C. Thomas of FDEP to Aamer Soofi of PAC dated 12-11-97

Dear Mr. Peterson:

Because of transfer of the air emission units from our Pinellas park facility to our New Port Richey facility and FDEP (Florida Department of Environmental Protection) amending the Pinellas park permits to change the facility location to New Port Richey and allowing operation of degreasing and chromic acid anodizing operations until a Title V permit is issued, we request FDEP to rescind our General Permit No. 1010335-001-AG which was issued for our New Port Richey facility.

Sincerely,

Aamer Soofi
Chemical & Environmental Manager
