Re: Facility No.: 1030303-002

Dear Mr. Ventimeglia:

The Department has received the Title V General Permit Notification Form for the dry cleaning facility that you submitted on June 11, 2001.

Please note that in January of each year the Department will be mailing fee notices to those facilities using the Title V general permit. This annual operation fee is \$50 and it is due and payable between January 15 and March 1 of each year the facility is in operation and is subject to the requirements of the Title V general permit.

If you have or expect to have any changes in your mailing address, location address, responsible official, or phone number, please notify the Department at the following address:

Title V General Permits Office
Bureau of Air Monitoring and Mobile Sources MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, FL 32399-2400

If there are any changes in the facility status, including change of operating parameters or equipment, or if you have any additional questions regarding the Title V General Permit Program, please contact the district or local air program compliance inspector in your area.

Sincerely,

Dotty Diltz, Chief
Bureau of Air Monitoring
and Mobile Sources

Dear Mr. Ventimeglia:

Thank you for your January 5 letter notifying the Department of your change in drycleaning solvent type. The Department has made note that Capri Cleaners (AIRS ID #1030303) no longer uses perchloroethylene and your facility status has been changed to "Inactive."

The Title V General Permit program regulates drycleaning facilities using perchloroethylene. At this time, facilities using Exon 2000 are exempt from regulation.

Rule 62-213.300, Florida Administrative Code (F.A.C.), stipulates that an annual emissions fee is due and payable for the preceding year in which the facility was in operation and subject to the requirements of the general permit. Our records indicate that Capri Cleaners operated as a Title V general permit facility in 2001. The emissions fee payment deposited on December 31 satisfies the emissions fee payment for Year 2001.

I hope that I have adequately addressed your concerns. Please contact me, if you have any additional questions or need additional information.

Sincerely,

Dear Sirs:

Capri Cleaners Inc. has installed new drycleaning machines as of December 15, 2001. The new machines use Exxon 2000 (hydrocarbon) solvent. This means the use and storage of Perchloroethelene has stopped as of that day. If I am no longer required to have a Title V general permit, please cancel it and refund me any money I may have coming. Please inform me of any requirements I may have related to Hydrocarbon solvent. Please respond to this letter so I know this matter has been handeled properly.
Thank you.

Sincerely yours,

John Ventimeglia, President, Capri Cleaners Inc.
