RE: Retiring Perc Machine and Replacing with Hydrocarbon Machine(s)

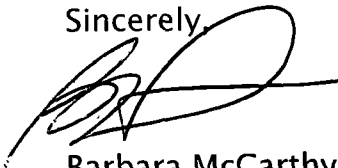

Mr. Dibble and Mr. Robbins;

Sun Country Cleaners recently retired the Real Star #3 (1996) Perc machine. This machine is was inspected today by Jeff Morris, Pinellas County Air Quality to confirm it is free of all solvents and filters and ready for removal from the premises.

The last date in use at Sun Country Cleaners was on September 4, 2010.

In place of this Perc machine, Sun Country Cleaner will be installing Columbia Hydro Carbon machine(s). It is my understanding that this does not require an initial notification form. If this is not correct, please contact me at my office (727)535-9930.

Sincerely,

Barbara McCarthy
Sun Country Cleaners

Marnie, the attached letter shows the replacement of a perc machine with a hydrocarbon unit. The facility will still have 2 perc units on-site.

"Notification of installing a Columbia 50# hydrocarbon machine, and removing RealStar #3. The facility now has 2 perc. and 3 hydrocarbon machines"

*Gary Robbins
Environmental Program Coordinator
Pinellas County Air Quality Division*
