Dear Mr. Shell Larson,

It was a pleasure to speak with you today regarding the Air General permit for Perchloroethylene dry cleaners and the renewal process upon change of ownership.

As we have discussed, the Air General permit is **not transferable upon a change of ownership**. It is customary that the previous owner notify us when a change of ownership is imminent. At the same time it is his/her responsibility to inform the new owner of his/her responsibility to submit a new registration form at least thirty (30) days prior to the sale.

Below you will find the link to the subject item registration form. You may download and print the form from there. If you are the Responsible Official, please complete the form, print your name, sign your name and date the last page of the form. The form itself begins on page 14 and ends on page 17. Pages 1-13 provide an overview of the rule, and pages 18 thru 19 provide directions for completing the form.

Please mail the signed and completed Part III of this form as soon as possible to:

Attn: Dick Dibble
 General Permits Section

 Department of Environmental Protection

Please fill out the form completely and according to the characteristics of your facility. Please don't forget to sign and date the form.

DO NOT SEND MONEY! We have already received the annual fee for your facility for the Year 2006, and it has been credited to your account.

Thank you for your prompt attention in this matter.
