Re: Facility No.: 1030360-002

Dear Mr. Cogan:

The Department has received the Title V General Permit Notification Form for the chromium electroplating and anodizing facility that you submitted on August 29, 2001.

Please note that in January of each year the Department will be mailing fee notices to those facilities using the Title V general permit. This annual operation fee is \$50 and it is due and payable between January 15 and March 1 of each year the facility is in operation and is subject to the requirements of the Title V general permit.

If you have or expect to have any changes in your mailing address, location address, responsible official, or phone number, please notify the Department at the following address:

Title V General Permits Office
Bureau of Air Monitoring and Mobile Sources MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, FL 32399-2400

If there are any changes in the facility status, including change of operating parameters or equipment, or if you have any additional questions regarding the Title V General Permit Program, please contact the district or local air program compliance inspector in your area.

Sincerely,

Dotty Diltz, Chief
Bureau of Air Monitoring
and Mobile Sources

DD/jw

5. Surrender of Existing DEP Air Permit(s)

Please indicate with an "X" the appropriate selection:

- I hereby surrender all existing DEP air permits authorizing operation of the facility indicated in this notification form; the permit number(s) are:
#1030360
- No DEP air permits currently exist for the operation of the facility indicated in this notification form.

Responsible Official Certification

I, the undersigned, am the responsible official, as defined in Part II of this form, of the facility addressed in this notification. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made in this notification are true, accurate and complete. Further, I agree to operate and maintain the air pollutant emissions units and air pollution control equipment described above so as to comply with all terms and conditions of this general permit as set forth in Part II of this notification form.

I will promptly notify the Department of any changes to the information contained in this notification.

Dear Mr. Cogan:

Thank you for your submittal of the Chromium Electroplating and Anodizing Air General Permit Notification Form. The Department received your submittal on August 29.

In reviewing your submittal, it was noted that Accurate Plating & Weaponry, Inc., elected to surrender its existing Title V air general permit (AIRS ID 1030360). If your intention is to continue your dry cleaning operations, then your existing permit is not to be surrendered and the notification form will need to be corrected. To correct the form, please remove the checkmark next to the "I hereby surrender" statement and initial the change, resign the form on the back and date.

Please return the corrected form as quickly as possible to:

General Permits Section
Bureau of Air Monitoring and Mobile Sources, MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, Florida 32399-2400

If you no longer wish to operate a chromium electroplating and anodizing facility under the Title V air general permit, then your permit may be surrendered. In this case, you need to do nothing and your form will continue to be processed as submitted.

Thank you for your attention to this matter and I apologize for the confusion with this portion of the form.

If you have any questions concerning the form or the corrections, please contact either Rick Butler at 850/921-9586 or me at 850/921-9583.

Sincerely,

Sandra Bowman

To: Users of the Title V General Air Permits

Records in the Division of Air Resource Management indicate that you have claimed eligibility for your facility to operate under a Title V Air General Permit pursuant to Chapter 62-213, Florida Administrative Code (F.A.C.).

As a source of air pollution subject to Title V of the federal Clean Air Act, your facility is entitled to operate for no more than five years with a permit under Section 403.0872, Florida Statutes (F.S.). Rule 62-213.300, F.A.C., establishes that the duration of the permit is for five years and no later than 30 days prior to the fifth anniversary of the filing of intent to use this general permit, the responsible official shall submit a new notice of intent which shall contain all current information regarding the facility.

The enclosed notification form is for your convenience. If you wish to maintain your eligibility, please complete and submit this form to the following address.

General Permits Section
Bureau of Air Monitoring and Mobile Sources, MS 5510
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, Florida 32399-2400

It is important to note that facilities not in compliance with the conditions of their existing Title V Air General Permit may not be eligible to use a new general permit after the existing general permit expires. Such facilities will be required to make application for an operating permit as a major source under Title V. It is very important for facilities to assure that they are now in compliance with their general permit conditions to avoid this costly situation.

Rule 62-213.300(2)(d), F.A.C., states the Title V air general permit is valid only for the specific activity indicated. Any deviation from the specified activity and the conditions for undertaking that action is a violation of the permit. Eligibility for use of the Title V air general permit may be nullified if the conditions of the permit are not being met. As indicated above, *any facility not eligible to operate under the terms of a Title V air general permit should apply for an operating permit as a major source under Title V.*

Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, Florida 32399-2400

If you no longer wish to operate a dry cleaning facility under the Title V air general permit, then your permit may be surrendered. In this case, you need to do nothing and your form will continue to be processed as submitted.

Thank you for your attention to this matter and I apologize for the confusion with this portion of the form.

If you have any questions concerning the form or the corrections, please contact either Rick Butler at 850/921-9586 or me at 850/921-9583.

Sincerely,

Sandra Bowman

Dear Mr. Cogan:

Correct #

Thank you for your submittal of the Chromium Electroplating and Anodizing Air General Permit Notification Form. The Department received your submittal on August 29.

In reviewing your submittal, it was noted that Accurate Plating & Weaponry, Inc., elected to surrender its existing Title V air general permit (AIRS ID 1030360). ~~If your intention is to continue your dry cleaning operations, then your existing permit is not to be surrendered and the notification form will need to be corrected. To correct the form, please remove the checkmark next to the "I hereby surrender" statement and initial the change, resign the form on the back and date.~~

COMMENTS

Dear Mr. Morris -

I will call you after 3:00 on Tuesday to ask you why we're still designated a drycleaning business and why we had to submit the same form for the third time.

Accurate plating -
M. Cogan

After speaking
to Jeff Morris,
He told me to call
Sandra Bowman.
Out of town.
Never ret'd my
message.

Re: Accurate Plating & Weaponery, Inc., dba - 1030360-002-AG

Ms. Bowman:

Based on a February 27, 2006, inspection at Accurate Plating & Weaponery, Inc., dba, located at 940 Harbor Lake Drive, Safety Harbor, FL this facility shutdown the Decorative Chromium Electroplating: Tanks A, B, C, and D., that had used fume suppressant with a wetting agent for controls. Inspection findings indicate that the facility had removed chemicals and tanks to send to a new facility located at 5229 County Road 99, Newville Alabama 36353. The building space previously used by this facility for its operations is now vacant.

Based on correspondence received on May 17, 2006, from Robert Cogan, the responsible official of Accurate Plating & Weaponery, Inc this facility is considered shutdown. Correspondence from the owner of this facility indicates that:

- 1) The facility is requesting the permit be rescinded (copy of letter attached).
- 2) Air Quality intends to deactivate this facility from its tracking files and awaits confirmation from your office that it has been deactivated in the ARMS system.

Should you have any questions relative to this facility's operations please contact the assigned inspector Shea Jackson. If you wish to contact me directly, please call suncom 570-4422, or by email at mmccann@co.pinellas.fl.us.

Sincerely,

A handwritten signature in black ink, appearing to read "Matt McCann". The signature is written in a cursive style with a large, looping initial "M".

Attn: Shea Jackson

This correspondence is to notify air quality that Accurate Plating & Weaponry Inc. is no longer operating Hexavalent Chrome plating tanks at 940 Harbor Lake Dr. Safety Harbor Florida. Our last plating run was February 21, 2006. The plating tanks were pumped into 55 gallon drums and shipped via MCF System commercial hazardous hauling to our new location at 5229 County Road 99 Newville Alabama 36353.

Please consider this letter to be A.P. & W., Inc. official notice to cancel our Air Pollution Permit #1030360-002-AG effective March 1, 2006.
