Good morning Jeff,

Thank you for bringing this to my attention. After looking through my pile of Administrative Tasks I was able to locate the letter to which you were referring.

We did receive their handwritten letter on August 19, 2009. However, it was not sent CERTIFIED, but by regular 1<sup>st</sup> Class US mail. See the .pdf attachment above for your files.

Unfortunately, I am behind on Administrative requests, but since you brought it to my attention, I have proceeded with their exemption request and have changed the ARMS Facility status to INACTIVE and placed the appropriate comments in the Facility screen Comments field. See below:

**FACILITY SCREEN COMMENTS:** 08/19/09-Per ltr dated 08/17/09 fr O/AR J.G.Landis facility has determined they are exempt from AG entitlement & requests that entitlement be rescinded.

Hey Dick,

Did you receive a letter from this facility requesting to be exempt from their GP? The facility sent the letter certified. Their highest 12 month total was 4,410 lbs (Feb, 08'). The letter would have been sent by Mr. James "Gregg" Landis. The facility has not heard back as to your decision.

Thanks,

Jeff

Jeff Morris  
Pinellas County DEM / Air Quality

8/17/09

To Whom it may concern:

I no longer have any employees.

I will not possibly use more than  
1000 pounds of resin + gelcoat (styrene)  
in any one year

I would like to rescind the  
permit (1030485).

I would like a generic exemption.

RECEIVED
