I would like to inform you that it is my intension to stay in compliance with all the Air General requirements. I have contracted with my equipment service provider to maintain correct recalibration of both emissions units. I have also had the units upgraded with part replacement such as "UV scanners".

My staff and I have reviewed the Operating Policies and Procedures that have been implemented for the facility as well as Equipment Operator Training. This enables us to stay in compliance with all the requirements of the Air General Permit. As you requested and scheduled for Thursday, November 13, 2008 at 11:00 A.M.
