Good morning Wayne!

I appreciate the "heads-up" regarding the change in status of this facility to **INACTIVE**.

By virtue of this request and since this facility was entitled through the Tallahassee office, I am copying Pat Grant, so she can inactivate her records and also arrange for an update to the electronic record-keeping files in Air Document Handling (ADH).

On the other hand and as a reminder, we do not need to be notified of a change in status of facilities most recently entitled through the Pinellas Co Local Program Office that are requesting a surrender or rescindment of permit since we are not the keeper of those records.

Thank you and have a great weekend!

Dick

A field inspection conducted by Pinellas County staff verified that JRS Ventures is no longer in operation. Please find attached a letter from the owner of JRS Ventures requesting air permit 1030529-001-AG be rescinded [i.e. "cancel any outstanding licenses"]. This facility has been inactivated in ARMS.
