Re: CEMEX Construction Materials Florida, L.L.C.
Davenport Lem Carnes Ready-Mix Plant
General Permit # 1050249-006-AG

Dear Mr. Dibble:

This is to advise that the above referenced facility has been permanently shut down. The property is no longer going to be used as a Concrete Batch Plant site. The silos have been emptied and raw materials removed from the site. At this time the plant equipment is being left on site with the intention of removing it in the future as economic conditions improve and the site is transitioned over to its' future intended use. We ask that the permit be rescinded.

Please do not hesitate to call if you have any questions on this matter.

Sincerely,

Mr. Dibble,

Attached please find the letter asking to rescind the above referenced permit. All materials have been removed from the silo and power is cut to the plant. The equipment is to remain on site until moved or scraped. If you have any other questions please do not hesitate to contact me at the number below.

Thank You,

Please confirm receipt.
