Tracy,

Thank you for the "heads-up" regarding the ceasing of operations and closure of the subject item American LaFrance facility. When I went into ARMS to change the status to INACTIVE I didn't realize that it had already been completed by Mr. Turner on 07/09/08.

You don't have to send the original letter to me, since we didn't permit this facility initially and don't have an established file for this facility. Since Central District maintains the most recent file for this facility you may want to keep the letter original in that file location.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

*Dick*
