Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7770088-010

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

Construct and operate a proposed new facility.

Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

Continue operating the facility after expiration of the current term of air general permit use.

Continue operating the facility after a change of ownership.

Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
7770088-009-AO _____

No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)
Steven Counts, Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)
SCI - Clifton Mine

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)
Street Address: 4202 NW 27th Avenue
City: Ocala County: Marion Zip Code: 34482

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)
N/A

Owner/Authorized Representative

<u>Name and Position Title</u> (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.) Print Name and Title: Steven Counts, President		
<u>Owner/Authorized Representative Mailing Address</u> Organization/Firm: Steven Counts, Inc. Street Address: 16611 SE 58 th Avenue City: Summerfield County: Marion Zip Code: 34491		
<u>Owner/Authorized Representative Telephone Numbers</u> Telephone: 352-307-2410 Fax: 352-307-2411 Cell phone (optional):		

Facility Contact (If different from Owner/Authorized Representative)

<u>Name and Position Title</u> (Plant manager or person to be contacted regarding day-to-day operations at the facility.) Print Name and Title: Winna Howard		
<u>Facility Contact Mailing Address</u> Organization/Firm: Steven Counts, Inc. Street Address: 4202 NW 27 th Ave City: Ocala County: Marion Zip Code: 34482		
<u>Facility Contact Telephone Numbers</u> Telephone: 352-690-7623 Fax: 352-690-7603 Cell phone (optional):		

Owner/Authorized Representative Statement

<p>This statement must be signed and dated by the person named above as owner or authorized representative</p> <p><i>I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.</i></p> <p><i>I will promptly notify the Department of any changes to the information contained in this registration form.</i></p>	
 Signature	<u>7-18-2011</u> Date

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Precautions Used to Prevent Unconfined Emissions

Check all that apply for the management of roads, parking areas, stock piles and yards:

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:

Feeders

Entrance to "Crusher"

Exit of "Crusher"

Classifier Screens

Conveyor Drop Points

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Water application is used as needed to prevent unconfined emissions at this facility.

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This facility has a RAP crusher for crushing recycled asphalt cement. It was previously permitted under an air operating permit which included an asphalt batch plant. The batch plant was sold and SCI is surrendering the operating permit and applying for an air general permit for the RAP crusher.

The RAP crusher is a Lippman Model #4248 LP and is powered by electric. There is also an electric screening plant associated with the crusher and it is a Trio APS Model #4034, the serial number is unknown for these due to the age of the equipment.

There are some other changes included in this application for this facility so we would like to include all of the equipment under the current facility ID number of 7775249. This permit currently has two primary crushers and the following equipment changes are going to take place:

The engine for the Universal crusher Model 4555, is going to be replaced with a CAT C18 Tier 3 engine, serial number 554X121 (previously CAT Model 3408)

There are two identical portable crushers that were previously permitted and located at another mine that are going to be used at this facility and relocated as needed. Both of them are Metso diesel engine crushers. The first one is Model #LT1213, serial number 72111 and the second is Model #LT1213, serial number 72769.

Below is an updated summary list of the equipment at this facility (1 RAP Crusher, Screening Plant & 3 limerock crushers):

Recycle Plant:
Lippman 4248 LP

Screening Plant:
Trio APS 4034

Limerock Crushers:
Universal Model 4555 (CAT engine)
Metso Model LT 1213
Metso Model LT 1213

Finally, the Cedar Rapids crusher that was permitted under 7775249 has been removed and will not be back so it is no longer included in this permit.
