COMMENTS: No facility found at permitted location. Facility permit file indicates that the facility has been moved to Mexico, but there is no date indicating when this move may have occurred. Photos were taken at this location during my visit to the site and are attached to this inspection report. I photographed the Babcock Furniture Store located at 1401 US Hwy 17 N and the empty field next to it where the facility would be located. I also took a photo of a fenced area behind the furniture store that had some pipes in it. This may be a storage area for the facility. This facility's permit expires in April of 2009. On 11/12/2008, I contacted Mr. Harry Stollmack at Bredero/Shaw. Mr. Stollmack confirmed that this equipment is still out of state, see attached conversation record. Mr. Stollmack agreed to send a letter relinquishing the permit. Facility will need to be inactivated upon receipt of letter.
