Naples, Florida 34114

Dear Mr. Kelly:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on August 25, 2008. We have assigned ARMS No: 7775173-002 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty (30) days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after five (5) years. Therefore, a new registration form must be received no later than five (5) years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Sandra F. Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

**NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS)
AIR GENERAL PERMIT REGISTRATION FORM**

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775173-002

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
 Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
 Continue operating the facility after a change of ownership.
 Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
 7775173 _____
 No air operation permits currently exist for this facility.

Bill,

I am currently reviewing the subject item registration, specifically page 10 of the form, where a **Description of Facility** is requested. I will need some additional information as follows:

- 1) Engine make, model #, serial number (S/N) and type of fuel
- 2) What are they crushing?
- 3) Are there any other permitted facilities at this site?

Thank you for your time and consideration.

Hope you all are still enjoying the great memories of your Alaskan adventure.

Regards,

Dick

Bill & Kaye,

Please abandon your efforts to contact the subject item facility.

I called them this morning and talked with a gentleman who had worked at the Naples facility for nearly 10 years and he answered all of my questions.

- 1) I discovered that the entry which you had entered on the application form (page 10), which said "***It is powered by a 300 hp engine.***", was in reality a 300 hp electric motor.
- 2) They crush limestone, sizes #57, #67, #89 ASTM, FDOT etc.
- 3) There is a Concrete Batch Plant at the same address, different company/owner.

Thank you for your efforts.

Dick
