Good morning Laura!

I need some help and clarification with some items on this registration form as soon as possible.

↗ (777 represents relocatable)

- 1) The subject item facility is currently registered as a "relocatable" (ID# 777XXX-XXX-AG) facility. On Page 4 of the form you have indicated that it is to be registered as a Stationary facility. I need some clarification. Do I need to change this to a stationary facility? No, I apologize. They would like it listed as relocatable.
- 2) I need a brief description in the comments section (also page 4) of what the company does. For example, are they a ready mix plant, block and /or brick plant, pre-stressed concrete mfg facility, soil augmentation plant, grout plant, paver mfr, concrete pipe mfr, mfr of septic tanks, etc.? Grout Plant
- 3) I need additional clarification on the legal name of the company. Front page of the form (Page 2) indicates **Earth Tech LLC** as being the company name. The Facility Contact on Page 3 indicates Mr. Broadrick as working for **Earth Tech Inc.** The Other Contact/Representative, also on Page 3, indicates that Jake Romancky works for **Earth Tech, Inc., LLC**. It is important to provide us with the correct legal company name. Earth Tech, LLC.
- 4) Also on the front page (Page 2) the facility location indicates the city is **Hudson** and the Zip as **34667**. When I go to the internet the plant city location is shown as **Spring Hill** with a Zip Code of **34610**. Can you help clarify this one for me? Spring Hill, FL 34610

- 5) Page 4, Equipment Details, indicates two emission units EU001 & 002, each with individual Erie Strayer control devices w/two different Model #'s. Our current records indicate that there is one (1) central dust collector for both emission units not two (2). Please help me to clarify? Your current records are correct. One CDC controls one silo which is split with two materials in it.

Thank you for your assistance in helping me to complete the review and processing of this registration.

Have a great day and an even better weekend!

Regards,

Dick
