YOUR RESPONSE IS REQUIRED

Subject: New EPA Regulations for Perchloroethylene Dry Cleaners

Dear Dry Cleaning Facility Owner/Operator:

Your facility currently operates under the terms and conditions of a State of Florida Perchloroethylene Dry Cleaner Air General Permit Notification Form. This is a reminder that the U.S. Environmental Protection Agency (EPA) passed a final rule on July 27, 2006, that requires the implementation of an enhanced Leak Detection and Repair (LDAR) program at dry cleaning facilities. **Effective July 27, 2008, the perchloroethylene dry cleaning facility owner or operator is required to use a halogen leak detector to detect PERC leaks on a monthly basis, and maintain appropriate records** even though these new requirements were not included in the Perchloroethylene Dry Cleaner Air General Notification Form that you submitted. The attached fact sheet describes these new requirements.

What do you have to do in order to comply with these requirements?

The owner or operator of a dry cleaning facility was required to submit to Broward County on or before July 28, 2008, a notification of its compliance status. Broward County recognizes that the federal due date for the compliance notification has passed. Therefore, **Broward County requests that you complete and submit the enclosed Perchloroethylene (Perc) Dry Cleaning Compliance Notification form to the following address by registered mail on or before September 30, 2008:**

Mr. Paul Shelton
Broward County Pollution Prevention, Remediation & Air Quality Division
115 S. Andrews Avenue, Room A-240
Ft. Lauderdale, FL 33301

Failure to comply with the above-mentioned requirement may result in enforcement action. If you have any questions regarding this letter, please call me at 954-519-1208 or Paul Shelton at 954-519-1444.

Sincerely,

Clifton R. Bittle
Environmental Licensing Manager
Pollution Prevention, Remediation and Air Quality Division

PERCHLOROETHYLENE (Perc) Dry Cleaning Notification to EPA & FLDEP

Each owner or operator of a Perc dry cleaning facility shall submit to the EPA and FLDEP by registered mail on or before July 28, 2008 a notification of compliance status providing the following information and signed by a responsible official who shall certify its accuracy:
