Specifically: Expired Entitlement (AIRS ID# 0250813)

In view of the above, and pursuant to the authority granted to me by Sections 24-7 and 24-25, Miami-Dade County Environmental Protection Ordinance, I hereby order you to:

- Upon receipt of this NOTICE, **immediately** initiate corrective measures to eliminate and/or Cease and Desist the above-referenced violation(s).
- Within ___ days of receipt of this NOTICE, contact the DERM Air Quality Management Division at (305) 372-6925 to discuss corrective measures. When contacted, you may be required to submit in writing the steps which you have taken to ensure that no further violation(s) will occur. Said report may include evidence of equipment repairs, adjustments or servicing performed to correct the violation(s).
- Within ___ days of receipt of this NOTICE, submit a completed application for an air construction/operating permit to the DERM Air Quality Management Division located at the above letterhead address.
- Within 10 days of receipt of this NOTICE, submit the required documents/records/reports to the DERM Air Quality Management Division.

Be advised that applying for a DERM Air Permit does not necessarily guarantee the issuance of such Permit, and you may not be allowed to continue operation at this location.

Failure to comply with the above may result in either the issuance of a Uniform Civil Violation Notice (UCVN), pursuant to Chapter 8-CC of Miami-Dade County, requiring corrective action(s) and payment of a civil penalty or the initiation of formal enforcement action by this Department, subjecting you to the enforcement and penalty provisions of Sections 24-29 and 24-30 of the Code of Miami-Dade County.

For further information regarding the above, please contact the Air Quality Management Division at 305-372-6925.

PERCHLOROETHYLENE DRY CLEANERS

Air General Permit Example Registration Worksheet

The Department of Environmental Protection ("Department" or "DEP") has established an "air general permit" at Florida Administrative Code ("F.A.C.") Rule 62-210.310(5)(f) for perchloroethylene dry cleaning facilities. An air general permit is an authorization by rule to construct or operate a specific type of air pollutant emitting facility. Use of such authorization by any individual facility does not require action by the Department. The terms and conditions of the air general permit are set forth in the rule, rather than in a separately issued air construction or air operation permit.

If you are the owner or operator of an eligible facility comprising a perchloroethylene dry cleaning facility, you may register to use the air general permit at Rule 62-210.310(5)(f), F.A.C., by following the general procedures given at subsections 62-210.310(2) and 62-210.310 (3), F.A.C. To register, use the Department's electronic registration system (currently under development) or submit all the information specified in the above rules to either of the following addresses, along with the air general permit registration processing fee (\$100.00).

or

Overnight Delivery (FedEx, UPS, DHL, etc.)

If you properly register to use an air general permit, and are not denied use of the air general permit by the Department, you are authorized to construct and operate the facility in accordance with the general terms and conditions of Rule 62-210.310, F.A.C., and the specific terms and conditions of Rule 62-210.310(5)(f), F.A.C. Your facility may vary, so be sure your registration describes the operations at your facility in sufficient detail to demonstrate the facility's eligibility for use of the air general permit and to provide a basis for tracking any future equipment or process changes. Your registration should describe all air pollutant-emitting processes and equipment at the facility, and it should identify any air pollution control measures or equipment used.

The rules do not require any specific format for the registration. This worksheet, however, has been designed to assist owners and operators. Using it as a template for a general permit registration will help ensure that all necessary information is submitted.

Additional information can be found on the Department's air general permit program website (http://www.floridadep.org/air/emission/air_gp.htm) or by calling the Small Business Environmental Assistance Program Hotline at 1-800-SBAP-HLP (1-800-722-7457).
