

**CONCRETE BATCHING PLANT
AIR GENERAL PERMIT REGISTRATION FORM**

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

RECEIVED
JUN 29 2010
Bureau of Air Monitoring
Mobile Source

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

0830156-003

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
 Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
 Continue operating the facility after a change of ownership.
 Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
 No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Steven Counts, Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

SCI Concrete & Block Plant

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 6760 NW 24th Avenue Road

City: Ocala

County: Marion

Zip Code: 34475 - 2412

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)

N/A

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: Steven Counts, President

Owner/Authorized Representative Mailing Address

Organization/Firm: Steven Counts, Inc.

Street Address: 16611 SE 58th Avenue

City: Summerfield

County: Marion

Zip Code: 34491 -6207

Owner/Authorized Representative Telephone Numbers

Telephone: (352) 307-2410

Fax: (352) 307-2411

Cell phone (optional):

Facility Contact (If different from Owner/Authorized Representative)

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title: Joey Staley, Director of Operations

Facility Contact Mailing Address

Organization/Firm: Steven Counts, Inc.

Street Address: 16611 SE 58th Avenue

City: Summerfield

County: Marion

Zip Code: 34491 -6207

Facility Contact Telephone Numbers

Telephone: (352) 307-2410

Fax: (352) 307-2411

Cell phone (optional): (352) 427-9173

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Date

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions

Check all precautions to be used for the management of roads, parking areas, stock piles and yards:

Pave Roads

Pave Parking Areas

Pave Yards

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check all precautions to be used for the management of drop points to trucks:

Spray Bar

Chute

Enclosure

Partial enclosure

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Water application is used as necessary to control unconfined emissions at this facility.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This facility has a ready mix plant and a block plant. The ready mix plant is a McNeilus Model MTM Batch Master Plant, serial number 693-4195. The plant includes aggregate bins, aggregate conveyor system, one cement silo, one flyash silo and a weighted bridge for mixing with aggregate. The block plant includes one cement silo and conveyor system.

Ready Mix Plant:

The cement silo is the southern most silo. It is a 600 barrel silo and has a McNeilus baghouse (serial #4216) mounted on the top of the silo. The flyash silo is the northern most silo. It is a 400 barrel silo with a McNeilus baghouse (serial #4216) mounted on top of the silo. There is a central dust collector that controls the emissions from mixing and truck batching operations. It also has a McNeilus, serial #4216.

Block Plant:

The block plant has one 500 barrel cement silo that is controlled by a silotop WAM cartridge dust collector, model R01. The serial number is unknown for this unit.
