Subject: Notification of Surrender of Air General Permit 1050433-002-AG - Pet Angel World Services - Lakeland facility closing

To: Ms. Danielle Henry & Mr. Erin DiBacco, FDEP-Southwest District Air Compliance

Cc: Douglas Thornton, FDEP-Tallahassee - Air General Permits

On behalf of Sharon Martinache, representative of Pet Angel World Services LLC, this is to notify FDEP that Pet Angel now surrenders Air General Permit 1050433-002-AG (permit effective date: 2/11/2013) for the Lakeland (Polk County) location of Pet Angel – that permit authorized operation of only one animal crematory unit. This unit, a Therm-Tec, Inc., Model G-8-P-1, has been moved to the Pet Angel – Pinellas Park (Pinellas County) location under Permit 1030136-012-AG (permit effective date: 2/16/2013).

The Lakeland facility is now empty, *i.e.* there are no crematory units there, and it is not attended at this time, and the lease expires May 31, 2013.

Please contact Ms. Sharon Martinache at mobile phone: (727) 612-1445 if you need to arrange a site inspection of the empty Lakeland location.

Thank you.

Regards,

Lynn
