The attached documents represent recently received air general permit forms for your area. As requested, each form has been scanned and attached for your office use. These registrations are currently in the 30-day review cycle. We request that any updates to EU information be made after the 30-day review cycle ends. The actual receipt date and other facility may be obtained in GPCI.

The complete scanned file for each facility will be available in ADH Search after 30-day review cycle.
