Re: Draft Air Construction Permit No.: 0050009-039-AC  
DRAFT/PROPOSED Title V Air Operation Permit No. 0050009-040-AV, Revision to Title V Air  
Operation Permit No.: 0050009-038-AV, Panama City Mill, Bay County

Dear Mr. Martin:

Enclosed is the permit package for an air construction permit and a revised Title V air operation permit for the Panama City Mill. This existing facility is located in Bay County, at One Everitt Avenue in Panama City, Florida 32401. The permit package includes the following documents:

- The draft air construction permit and supporting technical evaluation and preliminary determination document.
- The statement of basis, which summarizes the facility, the equipment and the primary rule applicability for the revised Title V air operation permit.
- The draft/proposed revised Title V air operation permit, which includes the specific permit conditions that regulate the emissions units covered by the proposed project.
- The Written Notice of Intent to Issue Air Permits provides important information regarding: the Permitting Authority's intent to issue air permits for the proposed project; the requirements for publishing a Public Notice of the Permitting Authority's intent to issue air permits; the procedures for submitting comments on the draft/proposed permits; the process for filing a petition for an administrative hearing; and the availability of mediation.
- The Public Notice of Intent to Issue Air Permits is the actual notice that you must have published in the legal advertisement section of a newspaper of general circulation in the area affected by this project. The Public Notice of Intent to Issue Title V Air Permits must be published as soon as possible and the proof of publication must be provided to the Department within seven days of the date of publication. Because this permit is being processed as a combined draft/proposed permit in order to reduce processing time, a duplicate copy of the proof of publication must also be transmitted by electronic mail within seven days of the date of publication to Ms. Natasha Hazziez at EPA Region 4 at the following address: [hazziez.natasha@epa.gov](mailto:hazziez.natasha@epa.gov).

If you have any questions, please contact the Project Engineer, Howard Ard, by telephone at (850) 595-0622 or by email at [howard.ard@dep.state.fl.us](mailto:howard.ard@dep.state.fl.us).
