DEP File No. 0250520-~~014~~-AC
Miami-Dade County
Project: Construction Permit Extension

RE: Extension of Permit Expiration Date, Permit Number 0250520-014-AC, Issued April 29, 2008

Dear Mr. Ruiz:

We have reviewed your request for an extension of the permit expiration date received February 16, 2010. Pursuant to that request, the expiration date is changed as follows:

FROM:

April 28, 2010

TO:

April 28, 2012

This letter must be attached to the original permit and becomes part of that permit. The remaining provisions of the permit are not changed by this action and remain in effect.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department of Environmental Protection at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000 (Telephone: 850/245-2241). Petitions filed by the applicant or any of the parties listed below, must be filed within 14 days of receipt of this Notice of Extension. However, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation

of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so state; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Notice of extension. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.'

Any party to this order has the right to seek judicial review of it under Section 120.68, F.S., by the filing of a Notice of Appeal, under Rule 9.110 of the Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000 or with the Clerk of the Department of Environmental Protection Southeast District Office at 400 North Congress Avenue, Suite 200, West Palm Beach, Florida 33401; and, by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within thirty days from the date this notice is filed with the Clerk of the permitting authority.

Executed in West Palm Beach, Florida.

Subject: Request to Extend the Expiration Date of Permit Number
0250520-014-AC; Miami-Dade Water and Sewer Department

Dear Mr. Hoefert:

As per Facility-Wide Specific Condition Number 1.7 in Permit Number 0250520-014-AC, the Miami-Dade Water and Sewer Department (MDWASD) is requesting an extension to the subject construction permit for a period of two years from the current expiration date of April 28, 2010. Construction has begun for this project, but not all phases; therefore details for the generators that will be installed at the site have not yet been defined. Since construction of the first phase of generators is scheduled to be completed by April 2012, we believe that a two year extension will be sufficient to ensure all generator information will be known.

MDWASD understands that since this request is for extending the expiration date of a construction permit for a Title V source, no fee is required for this extension request. MDWASD respectfully requests confirmation that this extension request has been granted. Please feel free to contact me at 786-552-8178 or via email at joerui@miamicity.gov with any questions.

Sincerely,

Joseph Ruiz
Deputy Director
