Dear Mr. Sheil,

Enclosed is Permit Number 0310562-002-AO for the operation of the subject air pollution source, issued pursuant to Section 403.087, Florida Statutes (FS).

This facility became subject to the applicable sections of 40CFR63, Subpart A, General Provisions, and 40CFR63, Subpart BBBBBB, National Emission Standards for Hazardous Air Pollutants for Source Category: Gasoline Distribution Bulk Terminals, Bulk Plants, and Pipeline Facilities, on January 10, 2008. This Federal Standard has not been adopted by the State of Florida or the City of Jacksonville. The requirements of this Federal Standard will not be placed in your air permit until this standard is adopted by the State of Florida and the City of Jacksonville. However, you are still responsible for compliance with this standard and EPA Region 4 is responsible for ensuring compliance. All reports, notifications, and correspondence shall be mailed to the Environmental Protection Agency and the Environmental Quality Division (Permitting Authority) in accordance with the timelines specified by the regulations to the following addresses:

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under Sections 120.569, and 120.57, FS. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel, City of Jacksonville, 117 West Duval Street, Suite 480, Jacksonville, FL 32202. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), FS, must be filed within fourteen days of receipt of this notice. Under Section 120.60(3), FS, however, any person who asked the Permitting Authority for notice of agency action may file a petition within fourteen days of receipt of that notice. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569, and 120.57, FS, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code (FAC).

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information:

- a. The name and address of each agency affected and each agency's file or identification number, if known;
- b. The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination;
- c. A statement of when and how petitioner received notice of the agency decision;
- d. A statement of all disputed issues of material facts. If there are none, the petition must so indicate;
- e. A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;
- f. A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules and statutes; and
- g. A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, FAC.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

This permit is final and effective on the date filed with the Clerk of the Permitting Authority unless a petition is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition. Upon timely filing of a petition or a request for an extension of time, this permit will not be effective until further Order of the Permitting Authority.

When the Order (Permit) is final, any party to the Order has the right to seek judicial review of the Order pursuant to

Section 120.68, FS, by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Permitting Authority in the Office of General Counsel, City of Jacksonville, 117 West Duval Street, Suite 480, Jacksonville, FL 32202, and with the Clerk of the Department of Environmental Protection in the Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, FL 32399-3000, and by filing a copy of the Notice of Appeal, accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date the Final Order is filed with the Clerk of the Permitting Authority.
