Re: Duval County – Air Pollution  
Non-Title V Air Construction Permit  
**DRAFT** Permit Number: 0310572-003-AC  
Installation of one (1) new coating line

Dear Mr. Kaniut:

This letter is in reference to your application for an air pollution source construction permit for the above referenced project. Enclosed are the following documents: the Technical Evaluation and Preliminary Determination; the **DRAFT** Air Construction Permit; the Written Notice of Intent to Issue Air Permit and the Public Notice of Intent to Issue Air Permit.

Pursuant to Section 403.815, F.S., and Rule 62-110.106, F.A.C., the applicant is required to publish, at their own expense, the enclosed **PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT** (Public Notice). The Public Notice shall be published one time only, as soon as possible but no later than thirty (30) days from receipt of this notice, in the legal advertisement section of a newspaper of general circulation in Duval County, the area affected by this project. The newspaper used must meet the requirements of Sections 50.011 and 50.031, F.S. in the county where the activity is to take place. If the applicant is uncertain that a newspaper meets these requirements, please contact the Permitting Authority at the address or phone number below.

Pursuant to Rule 62-110.106(5) and (9), F.A.C., the applicant shall provide proof of publication through the submittal of the newspaper affidavit to the Permitting Authority within seven (7) days of publication. Processing of the application will be delayed until fourteen (14) days after the Permitting Authority has received the proof of publication. Failure to publish the notice and provide proof of publication may result in the denial of the permit pursuant to Rule 62-110.106(11), F.A.C.

If you have any questions, please contact the project engineer, C. Blane Johnson, at 904-255-7199 or [chrisb@coj.net](mailto:chrisb@coj.net).

Sincerely,

A handwritten signature in black ink, appearing to read "Richard L. Robinson". The signature is fluid and cursive, written over a horizontal line.

Richard L. Robinson, P.E., Manager  
Air Pollution Source Permitting Section
