Dear Mr. Kaney:

This is in response to the letter of December 14, 1998 from Denise Corrales, Environmental Compliance Specialist at your firm, requesting changes in the testing dates for the annual visible emissions testing at your plants. This is done to facilitate the scheduling and coordination of the testing at the various sites. The request is approved.

The references to testing dates shall be read as: annual visible emissions tests shall be conducted between April 1, and May 31.

All **other** specific conditions of this permit remain in effect. This letter shall be attached to and made part of permit 0330070-001-A0.

Sincerely,
