Birmingham AL 35210

Dear Mr. Layton:

This is in response to your letter of July 15, 1998 requesting a modification to Quincy Joist Company's air construction permit (0390038-001-AC) to install one additional surface coating process vat to the facility for special projects. It is our understanding the new vat will not increase VOC emissions in excess of the permitted limit of 247 tons per year.

By this letter your request is approved. This modification will be included in your Title V permit.

If you have any questions or comments, please contact Rick Bradburn of this office at (850) 595-8364.

Sincerely,

Ed K. Middleswart, P.E.
Air Program Administrator
