Re: Metal Container Corporation - Gainesville Lid Plant  
Permit Number AC01-265409

Dear Ms. Heron:

Thank you for the opportunity to meet with you and Al Linero yesterday to discuss the proposed permit for MCC. Listed below are the specific changes we discussed and would request in the permit prior to issuance.

**Specific Condition #5:**

The second bullet point in this condition should be deleted, it is not necessary to include an annual usage limit if a production limit is set. The second condition was not included in the first draft and in fact was only included at our request when it was believed that a production limit was not necessary. The new condition should read:

- "5. The permitted materials and utilization rates are as stated in the application. These rates include the following:***
- A maximum annual production of 10.049 billion lids.***
  - A maximum usage rate (all coatings and solvents) of 0.019 gallons/1000 lids."***

**Specific condition #9:**

The second sentence of this condition should be deleted in it's entirety. The reason for this change is that MCC no longer takes credit for any VOC shipped off-site as waste and therefore this condition is no longer necessary. MCC now uses a more conservative estimate in that all solvents used are considered to be lost. This change is due to the fact that a recycling program has been instituted and the quantity of waste generated will be greatly reduced. Furthermore, changes in clean-up methodology have also reduced the quantities of solvents used. The new condition should read:

- "9. The permittee shall maintain a record of the clean-up solvents used on a six month basis."***

**Specific Condition #17**

The third sentence of this condition references production by modules. All other references to modules has been deleted from this permit. As we discussed, it is extremely difficult and also unnecessary to track production in this manner. The sentence currently reads:

" The quantity of lids processed per module shall be included in the report."

it should be changed to read:

***" The quantity of lids processed by the facility shall be included in the report. "***

We appreciate your assistance in this matter and as discussed anything that can be done to expedite the issuance of the final permit will be greatly appreciated. If you have any questions regarding this request, please call me at (314) 957-0769.

Sincerely,

METAL CONTAINER CORPORATION

Bureau of  
Air Regulation

Dear Director:

This letter provides semi-annual reporting as required under 40CFR 60.495(b) for the period 1/1/95 - 6/30/95. During the aforementioned period, Metal Container Corporation's Jacksonville can plant used only coatings which directly complied with federal New Source Performance Standards for VOC content, as specified in 40 CFR 60.492.

Please contact me at (314)957-0714 or Bob Lanham at (314)957-0769 if you have any questions or need additional information.

Sincerely,

Anna C. Nabb

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this Notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of the right to petition. A party who has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-2.01, Florida Administrative Code.

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays at:  
Department of Environmental Protection  
Bureau of Air Regulation  
111 S. Magnolia Drive, Suite 4  
Tallahassee, Florida 32301  
Department of Environmental Protection  
Northeast District  
7825 Baymeadows Way, Suite 200B  
Jacksonville, Florida 32256-7577  
Department of Environmental Protection  
Northeast District Branch  
Office  
5700 Southwest 34th Street,  
Suite 204  
Gainesville, Florida 32605

Any person may send written comments on the proposed action to Administrator, New Source Review at the Department, Bureau of Air Regulation, Mail Station 5505, Tallahassee, Florida 32399-2400. All comments received within 30 days of the publication of this Notice will be considered in the Department's final determination.  
Further, a public hearing can be requested by any person(s). Such request must be submitted within 30 days of this Notice.

STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION  
NOTICE OF INTENT TO ISSUE PERMIT  
AC 01-265409  
PSD-FL-153A

The Department of Environmental Protection gives notice of its intent to issue a permit, Permit No. AC 01-265409, to the Community Corporation, 5909 Northington Drive, Gainesville, Alachua County, Florida 32605, for the modification of their Gainesville Lid plant. The modification consists of a switch to a new sealant used to attach lids to aluminum cans. Allowable emissions of volatile organic compounds will be reduced to 3.19 tons per year (TPY) from the current limit of 494 TPY by use of low volatility solvents, coatings, and sealants. The new sealant is less toxic and less is required due to a trend toward smaller lids.

A person whose substantial interests are affected by the Department's proposed permit may petition for administrative proceedings (hearing) in accordance with Section 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32309-2400, within 14 days of publication of this Notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative hearing under Section 120.57, F.S.

The Petition shall contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department permit file number and the County in which the project is located; (b) the petitioner's how and when each of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by the petitioner; (e) A statement of fact which the petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; (g) A statement of the relief requested by the petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.
