Mr. Christopher Kirts, P.E.,  
District Air Program Administrator  
Florida Department of Environmental Protection  
7825 Baymeadows Way, Suite B200  
Jacksonville, FL 32256-7590

RE: Modification of construction permits no. 0010087-021-AC (extended under project no. 0010087-033-AC).  
Facility ID 0010087; Florida Rock Industries, Inc.—Thompson S. Baker Cement Plant

Dear Mr. Kirts:

We request that the above-referenced construction permit be modified to extend its expiration date. Construction is nearly complete—with just electrical and some piping work remaining—on the selective non-catalytic reduction (SNCR) system. Testing of the system should be complete by end of June. To allow time for demonstration and troubleshooting of the system and for application to incorporate the SNCR system into the Title V permit, we request that the expiration date of this permit be extended until August 31, 2009.

Please contact me at (352) 472-4722, ext. 130, or Henry Gotsch, ext. 121, if you have any questions.

Sincerely,  
FLORIDA ROCK INDUSTRIES, INC.

Chris Horner  
Plant Manager
