RE: Request for amendment of permit no. 0010087-012-AC
Florida Rock Industries, Inc.—Thompson S. Baker Cement Plant

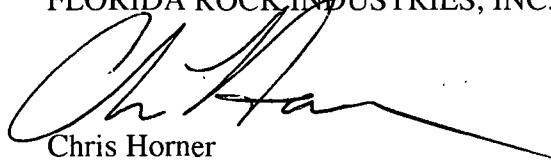

Dear Mr. Bull:

Florida Rock Industries, Inc., requests amendment of the above-referenced permit. Specifically, we request the dates be amended to allow the 60-day trial period of co-fueling of petroleum coke and flyash to begin on February 15, 2005. We have been unable to take advantage of the 60-day window that started January 3, 2005, to test petroleum coke and flyash additions to the coal; neither of the additives has been bought or received on site yet.

Thank you for your consideration of this request. If you have any questions, please call me at (352) 472-4722, ext. 130, or Henry Gotsch, at ext. 121.

Sincerely,

FLORIDA ROCK INDUSTRIES, INC.

Chris Horner
Plant Manager
Thompson S. Baker Cement Plant
