

Florida Department of Environmental Protection

Memorandum

TO: Trina Vielhauer, Bureau of Air Regulation
THROUGH: Jeff Koerner, Air Permitting North *AK*
FROM: Corrie Branum, Air Permitting North *CB*
DATE: December 5, 2007
SUBJECT: Extension of Air Construction Permit Expiration Date
Florida Rock Industries, Inc. – Thompson S. Baker Cement Plant
Project No. 0010087-030-AC
Extension of Air Permit No. 0010087-021-AC

Attached for your approval and signature is a permit modification to extend the expiration date for the above referenced air permit. On October 11, 2006, the Department issued Air Permit No. 0010087-021-AC to construct a Selective Non-Catalytic Reduction (SNCR) system for Kiln No. 1 as a control technology for nitrogen oxide (NO_x) emissions. On November 14, 2007, the Department received a request to extend the expiration date of this permit for the following reasons.

- The permittee requests additional time to complete the design and installation of the SNCR system.
- The permittee requests additional time to perform operational checks, testing, and subsequent application for a Title V air operation permit.
- The permittee requests that the expiration date be extended from February 15, 2008 to July 31, 2008.

Based on the circumstances and information provided, I recommend your approval and signature.

Re: Extension of Air Construction Permit Expiration Date
Florida Rock Industries, Inc. – Thompson S. Baker Cement Plant
Project No. 0010087-030-AC
Extension of Air Permit No. 0010087-021-AC

Dear Mr. Horner:

On November 14, 2007, Florida Rock Industries, Inc. requested an extension of the expiration date of air construction Permit No. 0010087-021-AC for the control equipment being installed on the kiln No. 1 at the Thompson S. Baker Cement Plant. This plant is located in Alachua County at Alachua County Road 235, approximately 2.5 miles northeast of Newberry, Florida. Florida Rock Industries, Inc. requests the additional time to complete the design and installation of a Selective Non-catalytic Reduction System. Florida Rock also requests additional time for operational checks, testing, and subsequent application to incorporate it into the Title V operational permit. Based on the circumstances and information provided, the Department approves this request.

Determination: The expiration date is hereby extended from **February 15, 2008** to **July 31, 2008** to provide the necessary time to complete construction, conduct testing and submit a complete application for a Title V air operation permit. This permitting action does not authorize any new construction. A copy of this letter shall be filed with the referenced permit and shall become part of the permit. This permitting decision is issued pursuant to Chapter 403, Florida Statutes.

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Department of Environmental Protection's Bureau of Air Regulation is the Permitting Authority responsible for making a determination for this project. The Permitting Authority's physical address is: 111 South Magnolia Drive, Suite #4, Tallahassee, Florida 32301. The Permitting Authority's mailing address is: 2600 Blair Stone Road, MS #5505, Tallahassee, Florida 32399-2400. The Permitting Authority's telephone number is 850/488-0114.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000 (Telephone: 850/245-2241 / Facsimile: 850/245-2303). Petitions must be

filed within 14 days of receipt of this permit extension. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of when and how each petitioner received notice of the agency action or proposed decision; (d) A statement of all disputed issues of material fact; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this written notice. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation: Mediation is not available in this proceeding.

Effective Date: This permitting decision is final and effective on the date filed with the clerk of the Department unless a petition is filed in accordance with the above paragraphs or unless a request for extension of time in which to file a petition is filed within the time specified for filing a petition pursuant to Rule 62-110.106, F.A.C., and the petition conforms to the content requirements of Rules 28-106.201 and 28-106.301, F.A.C. Upon timely filing of a petition or a request for extension of time, this action will not be effective until further order of the Department.

Judicial Review: Any party to this permitting decision (order) has the right to seek judicial review of it under Section 120.68, F.S., by filing a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the clerk of the Department of Environmental Protection in the Office of General Counsel, Mail Station #35, 3900 Commonwealth Boulevard, Tallahassee, Florida, 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The notice must be filed within 30 days after this order is filed with the clerk of the Department.

Executed in Tallahassee, Florida.

Trina Vielhauer, Bureau Chief
Bureau of Air Regulation

CERTIFICATE OF SERVICE

The undersigned duly designated deputy agency clerk hereby certifies that this written notice of permit extension was sent by electronic mail with received receipt requested before the close of business on 12/6/07 to the persons listed below.

Chris Horner, FRI (chrish@flarock.com)
Henry Gotsch, FRI (hgotsch@flarock.com)
John Koogler, P.E., Koogler & Associates (jkoogler@kooglerassociates.com)
