Subject: FW: Schedule of final action on GREC PSD permit

I have received receipt for this.

Please put this email in file together with receipt that is forthcoming.

Al.

Hi Dian:

I'm going to start based on where we are right now.

We issued a draft permit on 7/14.

GREC published the notice in a local newspaper on 7/16.

We will accept comments for a period of 30 days counting from 7/16.

So a little after mid-August we would issue our final decision.

If that is to issue a permit, then they have a permit.

I think our public notice fully explains it.

You can see it at:

www.dep.state.fl.us/Air/emission/bioenergy/gainesville/GRECNotice.pdf

If you still have questions, feel free to call.

Thank you.

Al Linero.

Is there any place where I can find a schedule of all the actions that will be taken before GREC has its final air permit?
