Tallahassee, Florida 32399-2400

Dear Mr. Linero:

Thank you for sending the prevention of significant deterioration preliminary determination (PSD) and draft permit for a proposed modification of the Stone Container Corporation pulp and paper mill in Panama City, Florida (Air Permit No. PSD-FL-288). The project involves a modification of the batch digester system and woodyard to allow an increase in pulp production. We have no comments.

If you have any questions regarding this letter, please call Jim Little at (404) 562-9118.

Sincerely,

PUBLIC NOTICE OF INTENT TO ISSUE AN AIR CONSTRUCTION PERMIT

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION

Draft Air Construction Permit No. 0050009-005-AC
Draft PSD Permit No. PSD-FL-288
Stone Container Corporation
Panama City Mill
Bay County

The Department of Environmental Protection (permitting authority) gives notice of its intent to issue an Air Construction Permit/PSD Permit to Stone Container Corporation for its existing pulp mill located in Panama City, Bay County. The applicant's name and address are: Thomas L. Clements, Environmental Superintendent, One Everitt Avenue, Panama City, Florida 32412-0560. The batch digester system operation was subject to a Best Available Control Technology Determination. The permittee, Stone Container Corporation, applied on July 26, 1999, for a modification to the batch digester system's and woodyard's method of operations at the existing pulp mill. The modification will allow the batch digester system's pulp production rates to increase from 87.3 tons per hour (TPH) and 668,850 tons per year (TPY) of air-dried, unbleached pulp (ADUP), to 120 TPH and 781,000 TPY ADUP. In addition, the modification will allow the woodyard's production rates to increase from 554,400 cords of purchased chips per year and 645,600 cords of roundwood per year to 1,524,600 cords of purchased chips per year and 1,946,934 cords of roundwood per year.

BUREAU OF AIR REGULATION

AUG 01 2002

RECEIVED

An air quality impact analysis was conducted. Emissions from the facility will not significantly contribute to or cause a violation of any state or federal ambient air quality standards. The maximum predicted SO₂, PM₁₀ and NO_x PSD Class II incre-

ments in the vicinity of the project consumed by all sources in the area, including this project, will be as follows:

PSD Class II increments:
SO₂ 3-hour Averaging Time; Allowable Increment = 512 ug/m³; Increment Consumed = 460 ug/m³ Percent Consumed = 90%

PSD Class II increments:
SO₂ 24-hour Averaging Time; Allowable Increment = 91 ug/m³; Increment Consumed = 83 ug/m³ Percent Consumed = 91%

PSD Class II increments:
SO₂ Annual Averaging Time; Allowable Increment = 20 ug/m³; Increment Consumed = 10 ug/m³ Percent Consumed = 50%

PSD Class II increments:
PM₁₀ 24-hour Averaging Time; Allowable Increment = 30 ug/m³; Increment Consumed = 27 ug/m³ Percent Consumed = 90%

PSD Class II increments:
PM₁₀ Annual Averaging Time; Allowable Increment = 17 ug/m³; Increment Consumed = 3 ug/m³ Percent Consumed = 18%

PSD Class II increments:
NO_x Annual Averaging Time; Allowable Increment = 25 ug/m³; Increment Consumed = 3 ug/m³ Percent Consumed = 12%

The Department has reasonable assurance that the proposed project will not cause or significantly contribute to a violation of any PSD increment in the Bradwell Bay and St. Marks Class I areas.

The permitting authority will issue the Air Construction Permit/PSD Permit, and subsequent Final Air Construction Permit/PSD Permit, in accordance with the conditions of the Draft Air Construction Permit/PSD Permit, unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The permitting authority will accept written comments concerning the proposed Draft Air Construction Permit/PSD Permit issuance action for a period of 30 (thirty) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station

#5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the Draft Air Construction Permit/PSD Permit, the permitting authority shall issue a Revised Draft Air Construction Permit/PSD Permit and require, if applicable, another Public Notice.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000 (Telephone: 850/488-9730; Fax: 850/487-4938). Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within fourteen (14) days of publication of the public notice or within fourteen (14) days of receipt of the notice of intent, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the permitting authority for notice of agency action may file a petition within fourteen (14) days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the applicable time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate, as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Florida Administrative Code (F.A.C.) Rule 28-106.205.

A petition that disputes the material facts on which the permitting authority's action is based must contain the following information:

(a) The name and ad-

dress of each agency affected and each agency's file(s) or identification number(s), if known;

(b) The name, address and telephone number of the petitioner; name, address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how petitioner's substantial rights will be affected by the agency determination;

(c) A statement of how and when the petitioner received notice of the agency action or proposed action;

(d) A statement of all disputed issues of material fact. If there are none, the petition must so state;

(e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle petitioner to relief; and

(f) A demand for relief.

A petition that does not dispute the material facts upon which the permitting authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the permitting authority's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the permitting authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Mr. Sheplak

Is it possible for you to e-mail the public notice for PSD Permit 0050009-005-AC/PSD-FL-288 to Marie at the Panama City News Herald? Her e-mail address is legals@pcnh.com. This will save her a significant amount of time.

Thank you for your assistance.

Tom Clements, Environmental Supt., Smurfit-Stone Container Corp.
