RE: Application for the No. 4 Combination Boiler Permit Modification – BART Exemption
Project No. 0050009-027-AC

Dear Mr. Sammons:

On January 29, 2007, the Department received an application for a modification to the No. 4 Combination Boiler (CB) along with a request for a BART exemption. The BART exemption is being reviewed by Mr. Tom Rogers. The changes requested for the CB are tied in with the BART exemption request. Preliminary review of the BART exemption request is that there are some problems. Mr. Tom Clements was called on February 9th by Mr. Bruce Mitchell to pass on the preliminary review results. A letter will be sent to you from Mr. Rogers detailing the problems with the BART exemption request. Since your request for a permit modification is related to your request for a BART exemption, your application for permit shall remain incomplete until a determination is made on your BART exemption request.

Please copy Mr. Bruce Mitchell and/or me on any correspondence with the BART exemption request. If you have any questions regarding this matter, please call Bruce Mitchell at (850)413-9198 or me at (850)921-9536.

Sincerely,

Jeffrey Koerner, P.E.
