Subject: Smith 3 Construction Application

Pursuant to your call yesterday, I've been able to re-check our Smith 3 application and it only indicates that the application is for construction. No checks were made in the section regarding Title V in the application on page 2. As indicated yesterday, Gulf Power does not request that the Smith Unit 3 Title V application be processed in concert with the PSD evaluation under the Power Plant Siting Act. It is our intent to re-open the Smith Title V permit at the necessary time to add the new unit after the PSD is completed.

Please let me know that you received this email. Also, please let me know if you need further documentation regarding this matter. My email address is gdwaters@southernco.com Thanks.

Title and Land Records
Douglas Building

FROM: Clair H. Fancy, Chief
Bureau of Air Regulation

DATE: March 7, 1998

SUBJECT: Request for Title Determination

The Title V Section is currently evaluating Gulf Power Company's Lansing Smith Utility, which is located in Bay County and just inland from North Bay and Alligator Bayou. Therefore, I am requesting that a "title determination" be made for the area outlined on the attached map. In addition, if there is any information of any surveys that have been done for this specific area by the Bureau of Survey and Mapping office, I would appreciate any information that is available.

If there are any questions, please call Bruce Mitchell at 921-9506. Your assistance in this matter is very much appreciated.
