Dear Ms. McWade:

RE: LANSING SMITH ELECTRIC GENERATION FACILITY
PROPOSED SMITH OPFLEX PEAK CONSTRUCTION PERMIT COMMENTS
DEP File No. 0050014-019-AC

Gulf Power greatly appreciates your efforts to work with us regarding the OpFlex Peak Enhancement of the Smith Combined Cycle Units 4 and 5. The draft air construction permit is acceptable as received with only one minor comment regarding a change in the address of the facility. Gulf's comment is:

- Please revise the Lansing Smith Electric Generating Facility address from "4300 County Road 2300, Lynn Haven, Florida" to "4300 County Road 2300, Southport, Florida 32409"

Please let me know if you have any questions regarding our comment and if you receive any public comments regarding this permit.

Sincerely,

A handwritten signature in black ink that reads "Dwain Waters, Q.E.P." The signature is written in a cursive style.

G. Dwain Waters, Q.E.P.
