Re: EPA 112(j) MACT
Facility ID. No 0070001 DuPont Highland Plant

Dear Ms. Phillips:

The purpose of this letter is to notify your Department as required under the 112(j) notification requirements. At this time DuPont is not sure if our facility will qualify as a major source of hazardous air pollutants and if it will be subject to the proposed regulations, however we are making the required notification for the following emission points at the above referenced facility:

Emission Point

001 Ilmenite Dryer – oil fired heavy mineral dryer
02 Non-NSPS Fugitive Emissions

NESHAP Heading

Boilers, subpart DDDDD
