Re: Title V Permits

Dear Mr. Rhodes:

We understand the Bureau is reviewing applications for operating permits pursuant to DEP's authority to administer the Title V program. We are interested in potential permits for Florida's electric utilities, particularly Florida Power & Light, Florida Power Corp., Gulf Power Co., and Tampa Electric Co.

We would like to be added to any list of interested persons to whom notices of intent to issue or deny permits are sent. We would also like to know what opportunities there are for public comment on proposed permits. In addition, if there is a list of pending permits, we would be grateful for a copy. Thank you for your assistance.
